

MyCash Manager: manage your money smarter

When you submit a request for reimbursement for an eligible employee benefits expense, your approved reimbursement will be deposited directly into your MyCash account—usually within 24-48 hours. You can access your MyCash funds in three ways: swipe your TASC Card at any merchant that accepts MasterCard, withdraw at an ATM with your TASC Card, or transfer to a personal bank account. It's easy to view and manage your MyCash funds from your private MyCash Manager, a state-of-the-art web tool within MyTASC (www.tasconline.com) designed exclusively for the management of your MyCash account.

QUICK TRANSFER

Make an instant transfer of your MyCash funds to a personal bank account without saving your bank account details (unless you select a saved bank account).

SCHEDULE A TRANSFER

Schedule a transfer of your MyCash funds to a personal account. Establish a MyCash Schedule for one-time, recurring, or automatic (direct deposit) transfers based on your personal needs.

Patti prefers her reimbursements be direct deposited into a bank account of her choice. She should schedule an "automatic" transfer to occur every time funds enter MyCash.

Jennifer wants funds in her bank account on the 15th of each month to pay her daycare provider. She simply needs to schedule a "recurring" transfer "by date" for the amount due to her nanny.
