Federal Patient Protection and Affordable Care Act Notices

Choice of Primary Care Physician

The Plan generally allows the designation of a Primary Care Physician (PCP). You have the right to designate any PCP who participates in the Claims Administrator's network and who is available to accept you or your family members. For information on how to select a PCP, and for a list of PCPs, contact the telephone number on the back of your Identification Card or refer to the Claims Administrator's website, www.anthem.com. For children, you may designate a pediatrician as the PCP.

Access to Obstetrical and Gynecological (ObGyn) Care

You do not need prior authorization from the Plan or from any other person (including a PCP) in order to obtain access to obstetrical or gynecological care from a health care professional in the Claims Administrator's network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services or following a pre-approved treatment plan. For a list of participating health care professionals who specialize in obstetrics or gynecology, contact the telephone number on the back of your Identification Card or refer to the Claims Administrator's website, www.anthem.com.

Additional Federal Notices

Statement of Rights under the Newborns' and Mother's Health Protection Act

Group health plans and health insurance issuers generally may not, under Federal law, restrict benefits for any Hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother's or newborn's attending Provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under Federal law, require that a provider obtain authorization from the Plan or the insurance issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

Mental Health Parity and Addiction Equity Act

The Mental Health Parity and Addiction Equity Act provides for parity in the application of aggregate treatment limitations (day or visit limits) on mental health and substance abuse benefits with dollar limits or day/visit limits on medical/surgical benefits. In general, group health plans offering mental health and substance abuse benefits cannot set day/visit limits on mental health or substance abuse benefits that are lower than any such day or visit limits for medical and surgical benefits. A plan that does not impose day or visit limits on medical and surgical benefits may not impose such day or visit limits on mental health and substance abuse benefits offered under the Plan. Also, the Plan may not impose Deductibles, Copayment, Coinsurance, and out of pocket expenses on mental health and substance abuse benefits that are more restrictive than Deductibles, Copayment, Coinsurance, and out of pocket expenses applicable to other medical and surgical benefits. Medical Necessity criteria are available upon request.

Coverage for a Child Due to a Qualified Medical Support Order ("QMCSO")

If you or your spouse are required, due to a QMCSO, to provide coverage for your child(ren), you may ask your Employer or Plan Administrator to provide you, without charge, a written statement outlining the procedures for getting coverage for such child(ren).

Statement of Rights Under the Women's Cancer Rights Act of 1998

If you have had or are going to have a mastectomy, you may be entitled to certain benefits under the Women's Health and Cancer Rights Act of 1998 (WHCRA). For individuals receiving mastectomy-related benefits, coverage will be provided in a manner determined in consultation with the attending Physician and the patient, for:

- All stages of reconstruction of the breast on which the mastectomy was performed;
- Surgery and reconstruction of the other breast to produce a symmetrical appearance;
- Prostheses; and
- Treatment of physical complications of the mastectomy, including lymphedema.

These benefits will be provided subject to the same Deductibles and Coinsurance applicable to other medical and surgical benefits provided under this Plan. (See the "Schedule of Benefits" for details.) If you would like more information on WHCRA benefits, call the number on the back of your Identification Card.

Special Enrollment Notice

As an Active Employee, if you are declining enrollment for yourself or your Dependents (including your spouse) because of other health insurance coverage, you may in the future be able to enroll yourself or your Dependents in this Plan, if you or your Dependents lose eligibility for that other coverage (or if the employer stops contributing towards your or your Dependents' other coverage). However, you must request enrollment within 31 days after your or your Dependents' other coverage ends (or after the employer stops contributing toward the other coverage).

In addition, if you have a new Dependent as a result of marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and your Dependents. However, you must request enrollment within 31 days after the marriage, birth, adoption, or placement for adoption.

Eligible Subscribers and Dependents may also enroll under two additional circumstances:

- The Subscriber's or Dependent's Medicaid or Children's Health Insurance Program (CHIP) coverage is terminated as a result of loss of eligibility; or
- The Subscriber or Dependent becomes eligible for a subsidy (state premium assistance program).

The Subscriber or Dependent must request Special Enrollment within 60 days of the loss of Medicaid/CHIP or of the eligibility determination.

To request special enrollment or obtain more information, call the Member Services telephone number on your Identification Card, or contact your Employer.

All City of Marietta employees who are eligible for health insurance coverage at the time of retirement may maintain that coverage subject to certain provisions. Employees who did not retire directly from active service are never eligible for health insurance coverage. Retirees who waive health insurance coverage at any time may not add coverage at a later date. Decisions to waive health insurance coverage as a retiree are irrevocable. Retirees who elect "employee only" or single health insurance coverage at the time of retirement may not add dependent health insurance coverage at a later date. Retirees who maintain dependent health insurance coverage and enroll in "employee only" or single health insurance coverage may not add dependent health insurance coverage at a later date. Retirees must maintain health insurance coverage on themselves in order to maintain any dependent health insurance coverage.

Eligible dependents include the individuals listed below, and they can only be added to health insurance coverage if the retiree has maintained dependent health insurance coverage.

- 1) the Retiree's legal spouse
- 2) the Retiree's dependent children who continue to meet the definition of a dependent child as defined by the City of Marietta for active employee coverage (i.e., the child meets the IRS support test as a dependent of the retiree, or the child meets City of Marietta's requirements for disabled dependent child eligibility).

Consolidated Appropriations Act of 2021 Notice

Consolidated Appropriations Act of 2021 (CAA)

The Consolidated Appropriations Act of 2021 (CAA) is a federal law that includes the No Surprises Billing Act as well the Provider transparency requirements that are described below.

Surprise Billing Claims

Surprise Billing Claims are claims that are subject to the No Surprises Billing Act requirements:

- Emergency Services provided by Out-of-Network Providers;
- Covered Services provided by an Out-of-Network Provider at an In-Network Facility; and
- Out-of-Network Air Ambulance Services.

No Surprises Billing Act Requirements

Emergency Services

As required by the CAA, Emergency Services are covered under your Plan:

- Without the need for Precertification;
- Whether the Provider is In-Network or Out-of-Network;

If the Emergency Services you receive are provided by an Out-of-Network Provider, Covered Services will be processed at the In-Network benefit level.

Note that if you receive Emergency Services from an Out-of-Network Provider, your Out-of-Pocket costs will be limited to amounts that would apply if the Covered Services had been furnished by an In-Network Provider. However, Out-of-Network cost-shares (i.e., Copayments, Deductibles and/or Coinsurance) will apply to your claim if the treating Out-of-Network Provider determines you are stable, meaning you have been provided necessary Emergency Care such that your condition will not materially worsen and the Out-of-Network Provider determines: (i) that you are able to travel to an In-Network Facility by non-emergency transport; (ii) the Out-of-Network Provider complies with the notice and consent requirement; and (iii) you are in condition to receive the information and provide informed consent. If you continue to receive services from the Out-of-Network Provider after you are stabilized, you will be responsible for the Out-of-Network cost-shares, and the Out-of-Network Provider will also be able to charge you any difference between the Maximum Allowable Amount and the Out-of-Network Provider's billed charges. This notice and consent exception does not apply if the Covered Services furnished by an Out-of-Network Provider result from unforeseen and urgent medical needs arising at the time of service.

Out-of-Network Services Provided at an In-Network Facility

When you receive Covered Services from an Out-of-Network Provider at an In-Network Facility, your claims will be paid at the Out-of-Network benefit level if the Out-of-Network Provider gives you proper notice of its charges, and you give written consent to such charges. This means you will be responsible for Out-of-Network cost-shares for those services and the Out-of-Network Provider can also charge you any difference between the Maximum Allowable Amount and the Out-of-Network Provider's billed charges. This requirement does not apply to Ancillary Services. Ancillary Services are one of the following services: (A) Emergency Services; (B) anesthesiology; (C) pathology; (D) radiology; (E) neonatology; (F) diagnostic services; (G) assistant surgeons; (I) Hospitalists; (J) Intensivists; and (K) any services set out by the U.S. Department of Health & Human Services. In addition, Anthem will not apply this notice and consent process to you if Anthem does not have an In-Network Provider in your area who can perform the services you require.

Out-of-Network Providers satisfy the notice and consent requirement as follows:

1. By obtaining your written consent not later than 72 hours prior to the delivery of services; or
2. If the notice and consent is given on the date of the service, if you make an appointment within 72 hours of the services being delivered.

Anthem is required to confirm the list of In-Network Providers in its Provider Directory every 90 days. If you can show that you received inaccurate information from Anthem that a Provider was In-Network on a particular claim, then you will only be liable for In-Network cost shares (i.e., Copayments, Deductibles, and/or Coinsurance) for that claim. Your In-Network cost-shares will be calculated based upon the Maximum Allowed Amount. In addition to your In-Network cost-shares, the Out-of-Network Provider can also charge you for the difference between the Maximum Allowed Amount and their billed charges.

How Cost-Shares Are Calculated

Your cost shares for Emergency Services or for Covered Services received by an Out-of-Network Provider at an In-Network Facility, will be calculated using the median Plan In-Network contract rate that we pay In-Network Providers for the geographic area where the Covered Service is provided. Any Out-of-Pocket cost shares you pay to an Out-of-Network Provider for either Emergency Services or for Covered Services provided by an Out-of-Network Provider at an In-Network Facility will be applied to your In-Network Out-of-Pocket Limit.

Appeals

If you receive Emergency Services from an Out-of-Network Provider or Covered Services from an Out-of-Network Provider at an In-Network Facility and believe those services are covered by the No Surprise Billing Act, you have the right to appeal that claim. If your appeal of a Surprise Billing Claim is denied, then you have a right to appeal the adverse decision to an Independent Review Organization as set out in the “Your Right To Appeal” section of this Benefit Book.

Transparency Requirements

Anthem provides the following information on its website (i.e., www.anthem.com):

- Protections with respect to Surprise Billing Claims by Providers;
- Estimates on what Out-of-Network Providers may charge for a particular service;
- Information on contacting state and federal agencies in case you believe a Provider has violated the No Surprise Billing Act’s requirements.

Upon request, Anthem will provide you with a paper copy of the type of information you request from the above list.

Anthem, either through its price comparison tool on anthem.com or through Member Services at the phone number on the back of your ID card, will allow you to get:

- Cost sharing information that you would be responsible for, for a service from a specific In-Network Provider;
- A list of all In-Network Providers;
- Cost sharing information on an Out-of-Network Provider’s services based on Anthem’s reasonable estimate based on what Anthem would pay an Out-of-Network Provider for the service.

In addition, Anthem will provide access through its website to the following information:

- In-Network negotiated rates;
- Historical Out-of-Network rates; and
- Drug pricing information.

Introduction

This Benefit Booklet gives you a description of your benefits while you are enrolled under the health care plan (the "Plan") offered by your Employer. You should read this Benefit Booklet carefully to get to know the Plan's main provisions and keep it handy for reference. A thorough understanding of your coverage will allow you to use your benefits wisely. If you have any questions about the benefits shown in this Benefit Booklet, please call your Employer's Health Plan Administrator or the Member Services number on the back of your Identification Card.

The Plan benefits described in this Benefit Booklet are for eligible Members only. The health care services are subject to the limitations and Exclusions, Copayments, Deductible, and Coinsurance rules given in this Benefit Booklet. Any group plan or certificate which you received before will be replaced by this Benefit Booklet.

Your Employer has agreed to be subject to the terms and conditions of Anthem's Provider agreements which may include precertification and utilization management requirements, timely filing limits, and other requirements to administer the benefits under this Plan.

Many words used in the Benefit Booklet have special meanings (e.g., Employer, Covered Services, and Medical Necessity). These words are capitalized and are defined in the "Definitions" section. See these definitions for the best understanding of what is being stated. Throughout this Benefit Booklet you will also see references to "we", "us", "our", "you", and "your". The words "we", "us", and "our" mean the Claims Administrator. The words "you" and "your" mean the Member, Subscriber and each covered Dependent.

Also be sure to check the Claims Administrator's website, www.anthem.com for details on how to find a Provider, get answers to questions, and access valuable health and wellness tips.

Important: This is not an insured benefit Plan. The benefits described in this Benefit Booklet or any rider or amendments attached hereto are funded by the Employer who is responsible for their payment. Anthem provides administrative claims payment services only and does not assume any financial risk or obligation with respect to claims.

Anthem is an independent corporation operating under a license from the Blue Cross and Blue Shield Association, permitting Anthem to use the Blue Cross and Blue Shield Service Marks in the State of Georgia. Although Anthem is the Claims Administrator and is licensed in Georgia you will have access to providers participating in the Blue Cross and Blue Shield Association BlueCard network across the country. Anthem has entered into a contract with the Employer on its own behalf and not as the agent of the Association.

Schedule of Benefits

In this section you will find an outline of the benefits included in your Plan and a summary of any Deductibles, Coinsurance, and Copayments that you must pay. Also listed are any Benefit Period Maximums or limits that apply. Please read the "What's Covered" and Prescription Drugs section(s) for more details on the Plan's Covered Services. Read the "What's Not Covered" section for details on Excluded Services.

All Covered Services are subject to the conditions, Exclusions, limitations, and terms of this Benefit Booklet including any endorsements, amendments, or riders.

To get the highest benefits at the lowest out-of-pocket cost, you must get Covered Services from an In-Network Provider. Benefits for Covered Services are based on the Maximum Allowed Amount, which is the most the Claims Administrator will allow for a Covered Service. Except as set forth in the Consolidated Appropriations Act of 2021 Notice, or as otherwise specified in this Booklet, when you use an Out-of-Network Provider you may have to pay the difference between the Out-of-Network Provider's billed charge and the Maximum Allowed Amount in addition to any Coinsurance, Copayments, Deductibles, and non-covered charges. This amount can be substantial. Please read the "Claims Payment" section for more details.

Deductibles, Coinsurance, and Benefit Period Maximums are calculated based upon the Maximum Allowed Amount, not the Provider's billed charges.

Important Notice about Your Cost Shares

In certain cases, if a Provider is paid amounts that are your responsibility, such as Deductibles, Copayments or Coinsurance, such amounts may be collected directly from you. You agree that the Claims Administrator, on behalf of the Plan, has the right to collect such amounts from you.

The tables below outline the Plan's Covered Services and the cost share(s) you must pay. In many spots you will see the statement, "Benefits are based on the setting in which Covered Services are received". In these cases you should determine where you will receive the service (i.e., in a Doctor's office, at an outpatient Hospital facility, etc.) and look up that location to find out which cost share will apply. For example, you might get physical therapy in a Doctor's office, an outpatient Hospital facility, or during an Inpatient Hospital stay. For services in the office, look up "Office Visits". For services in the outpatient department of a Hospital, look up "Outpatient Facility Services". For services during an Inpatient stay, look up "Inpatient Services".

How Your Plan Works

Introduction

Your Plan is a POS plan. The Plan has two sets of benefits: In-Network and Out-of-Network. If you choose an In-Network Provider, you will pay less in out-of-pocket costs, such as Copayments, Deductibles, and Coinsurance. If you use an Out-of-Network Provider, you will have to pay more in out-of-pocket costs.

To find an In-Network Provider for this Plan, please see “How to Find a Provider in the Network,” later in this section.

In-Network Services

When you use an In-Network Provider or get care as part of an Authorized Service, Covered Services will be covered at the In-Network level.

If you receive Covered Services from an Out-of-Network Provider after we failed to provide you with accurate information in our Provider Directory, or after we failed to respond to your telephone or web-based inquiry within the time required by federal law, Covered Services will be covered at the In-Network level.

Regardless of Medical Necessity, benefits will be denied for care that is not a Covered Service. The Claims Administrator has final authority to decide the Medical Necessity of the service.

In-Network Providers include Primary Care Physicians / Providers (PCPs), Specialists (Specialty Care Physicians / Providers - SCPs), other professional Providers, Hospitals, and other Facilities who contract with the Claims Administrator to care for you. Referrals are never needed to visit an In-Network Specialist, including behavioral health Providers.

To see a Doctor, call their office:

- Tell them you are an Anthem Member,
- Have your Member Identification Card handy. The Doctor's office may ask you for your group or Member ID number.
- Tell them the reason for your visit.

When you go to the office, be sure to bring your Member Identification Card with you.

Network Provider Services

For services from In-Network Providers:

1. You will not be required to file any claims. In-Network Providers will file claims for Covered Services for you. (You will still need to pay any Coinsurance, Copayments, and/or Deductibles that apply.) You may be billed by your In-Network Provider(s) for any non-Covered Services you get or when you have not followed the terms of this Booklet.
2. Precertification will be done by the In-Network Provider. (See the “Getting Approval for Benefits” section for further details.)

Please refer to the “Claims Payment” section for additional information on Authorized Services.

After Hours Care

If you need care after normal business hours, your Doctor may have several options for you. You should call your Doctor's office for instructions if you need care in the evenings, on weekends, or during a holiday and cannot wait until the office reopens. If you have an Emergency, call 911 or go to the nearest Emergency Room.

Out-of-Network Services

When you do not use an In-Network Provider or get care as part of an Authorized Service, Covered Services are covered at the Out-of-Network level, unless otherwise indicated in this Benefit Booklet.

For services from an Out-of-Network Provider:

1. The Out-of-Network Provider can charge you the difference between their bill and the Plan's Maximum Allowed Amount plus any Deductible and/or Coinsurance/Copayments;
2. You may have higher cost sharing amounts (i.e., Deductibles, Coinsurance, and/or Copayments);
3. You will have to pay for services that are not Medically Necessary;
4. You will have to pay for non-Covered Services;
5. You may have to file claims; and
6. You must make sure any necessary Precertification is done. (Please see "Getting Approval for Benefits" for more details.)

Surprise Billing Claims

Surprise Billing Claims are described in the "Consolidated Appropriations Act of 2021 Notice" at the beginning of this Booklet. Please refer to that section for further details.]

Connect with Us Using Our Mobile App

As soon as you enroll in this Plan, you should download our mobile app. You can find details on how to do this on the Claims Administrator's website, www.anthem.com.

The goal is to make it easy for you to find answers to your questions. You can chat with live in the app, or contact the Claims Administrator via the website, www.anthem.com.

How to Find a Provider in the Network

There are three ways you can find out if a Provider or Facility is in the network for this Plan. You can also find out where they are located and details about their license or training.

- See your Plan's directory of In-Network Providers at www.anthem.com, which lists the Doctors, Providers, and Facilities that participate in this Plan's network.
- Search for a Provider in our mobile app or through an [Anthem]-enabled device.
- Contact Member Services to ask for a list of Doctors and Providers that participate in this Plan's network, based on specialty and geographic area.
- Check with your Doctor or Provider.

Please note that not all In-Network Providers offer all services. For example, some Hospital-based labs are not part of our Reference Lab Network. In those cases you will have to go to a lab in the Reference Lab Network to get In-Network benefits. Please call Member Services before you get services for more information.

If you need details about a Provider's license or training, or help choosing a Doctor who is right for you, call the Member Services number on the back of your Member Identification Card. TTY/TDD services also are available by dialing 711. A special operator will get in touch with the Claims Administrator to help with your needs.

Please note that Anthem has several networks, and that a Provider that is In-Network for one plan may not be In-Network for another. Be sure to check your Identification Card or call Member Services to find out which network this Plan uses.

Your Cost-Shares

Your Plan may involve Copayments, Deductibles, and/or Coinsurance, which are charges that you must pay when receiving Covered Services. Your Plan may also have an Out-of-Pocket Limit, which limits the cost-shares you must pay. Please read the "Schedule of Benefits" for details on your cost-shares. Also read the "Definitions" section for a better understanding of each type of cost share.

The BlueCard Program

Like all Blue Cross & Blue Shield plans throughout the country, we participate in a program called "BlueCard" which provides services to you when you are outside our Service Area. For more details on this program, please see "Inter-Plan Arrangements" in the "Claims Payment" section.

Identification Card

The Claims Administrator will give an Identification Card to each Member enrolled in the Plan. When you get care, you must show your Identification Card. Only covered Members have the right to receive services under this Plan. If anyone gets services or benefits to which they are not entitled to under the terms of this Benefit Booklet, he/she must pay for the actual cost of the services.

Getting Approval for Benefits

Your Plan includes the process of Utilization Review to decide when services are Medically Necessary or Experimental/Investigative as those terms are defined in this Benefit Booklet. Utilization Review aids the delivery of cost-effective health care by reviewing the use of treatments and, when proper, level of care and/or the setting or place of service that they are performed.

Reviewing Where Services Are Provided

A service must be Medically Necessary to be a Covered Service. When level of care, setting or place of service is reviewed, services that can be safely given to you in a lower level of care or lower cost setting/place of care, will not be Medically Necessary if they are given in a higher level of care, or higher cost setting/place of care. This means that a request for a service may be denied because it is not Medically Necessary for the service to be provided where it is being requested. When this happens the service can be requested again in another place and will be reviewed again for Medical Necessity. At times a different Provider or Facility may need to be used in order for the service to be considered Medically Necessary. Examples include, but are not limited to:

- A service may be denied on an inpatient basis at a Hospital but may be approvable if provided on an outpatient basis at a Hospital.
- A service may be denied on an outpatient basis at a Hospital but may be approvable at a free standing imaging center, infusion center, Ambulatory Surgical Facility, or in a Physician's office.
- A service may be denied at a Skilled Nursing Facility but may be approvable in a home setting.

Utilization Review criteria will be based on many sources including medical policy and clinical guidelines. It may be decided that a treatment that was asked for is not Medically Necessary if a clinically equivalent treatment that is more cost effective is available and appropriate. "Clinically equivalent" means treatments that for most Members, will give you similar results for a disease or condition.

If you have any questions about the Utilization Review process, the medical policies, or clinical guidelines, you may call the Member Services phone number on the back of your Identification Card.

Coverage for or payment of the service or treatment reviewed is not guaranteed even if the Plan decides Your services are Medically Necessary. For benefits to be covered, on the date You get service:

1. You must be eligible for benefits;
2. Fees must be paid for the time period that services are given;
3. The service or supply must be a Covered Service under Your Plan;
4. The service cannot be subject to an Exclusion under Your Plan; and
5. You must not have exceeded any applicable limits under Your Plan.

Types of Reviews

- **Pre-service Review** – A review of a service, treatment or admission for a benefit coverage determination which is done before the service or treatment begins or admission date.
- **Precertification** – A required Pre-service Review for a benefit coverage determination for a service or treatment. Certain services require Precertification in order for you to get benefits. The benefit coverage review will include a review to decide whether the service meets the definition of Medical Necessity or is Experimental/Investigative as those terms are defined in this Benefit Booklet.

For admissions following Emergency Care, you, your authorized representative or Doctor must tell the Claims Administrator within 48 hours of the admission or as soon as possible within a reasonable period of time. For childbirth admissions, Precertification is not needed unless there is a problem and/or the mother and baby are not sent home at the same time. Precertification is not required for the first 48 hours for a vaginal delivery or 96 hours for a cesarean section. Admissions longer than 48/96 hours require precertification.

- **Continued Stay/Concurrent Review** - A Utilization Review of a service, treatment or admission for a benefit coverage determination which must be done during an ongoing stay in a facility or course of treatment.

Both Pre-Service and Continued Stay/Concurrent Reviews may be considered urgent when, in the view of the treating Provider or any Doctor with knowledge of your medical condition, without such care or treatment, your life or health or your ability to regain maximum function could be seriously threatened or you could be subjected to severe pain that cannot be adequately managed without such care or treatment. Urgent reviews are conducted under a shorter timeframe than standard reviews.

- **Post-service Review** – A review of a service, treatment or admission for a benefit coverage that is conducted after the service has been provided. Post-service reviews are performed when a service, treatment or admission did not need a Precertification, or when a needed Precertification was not obtained. Post-service reviews are done for a service, treatment or admission in which the Claims Administrator has a related clinical coverage guideline and are typically initiated by the Claims Administrator.

Who is Responsible for Precertification?

Typically, Network Providers know which services need Precertification and will get any Precertification when needed. your Primary Care Physician and other Network Providers have been given detailed information about these procedures and are responsible for meeting these requirements. Generally, the ordering Provider, facility or attending Doctor (“requesting Provider”) will get in touch with the Claims Administrator to ask for a Precertification. However, you may request a Precertification or you may choose an authorized representative to act on your behalf for a specific request. The authorized representative can be anyone who is 18 years of age or older. The table below outlines who is responsible for Precertification and under what circumstances.

Provider Network Status	Responsibility to Get Precertification	Comments
In Network	Provider	<ul style="list-style-type: none"> • The Provider must get Precertification when required
Out-of- Network/ Non-Participating	Member	<ul style="list-style-type: none"> • Member must get Precertification when required. (Call Member Services.) • Member may be financially responsible for charges/costs related to the service and/or setting in whole or in part if the service and or setting is found to not be Medically Necessary.
Blue Card Provider	Member (Except for Inpatient Admissions)	<ul style="list-style-type: none"> • Member must get Precertification when required. (Call Member Services.) • Member may be financially responsible for charges/costs related to the service and/or setting in whole or in part if the service and or setting is found to not be Medically Necessary. • Blue Card Providers must obtain precertification for all Inpatient Admissions.
NOTE: For an Emergency Care admission, precertification is not required. However, you, your authorized representative or Doctor must tell the Claims Administrator within 24 hours of the admission or as soon as possible within a reasonable period of time.		

How Decisions are Made

The Claims Administrator will utilize its clinical coverage guidelines, such as medical policy, clinical guidelines, and other applicable policies and procedures to help make Medical Necessity decisions. This includes decisions about Prescription Drugs as detailed in the section “Prescription Drugs Administered by a Medical Provider”. Medical policies and clinical guidelines reflect the standards of practice and medical interventions identified as proper

medical practice. The Claims Administrator reserves the right to review and update these clinical coverage guidelines from time to time.

You are entitled to ask for and get, free of charge, reasonable access to any records concerning your request. To ask for this information, call the Precertification phone number on the back of your Identification Card.

If you are not satisfied with the Plan's decision under this section of your benefits, please refer to the "Your Right To Appeal" section to see what rights may be available to you.

Decision and Notice Requirements

The Claims Administrator will review requests for benefits according to the timeframes listed below. Timeframes and requirements listed are based on Federal laws. You may call the telephone number on your Identification Card for additional information.

Request Category	Timeframe Requirement for Decision and Notification
Urgent Pre-service Review	72 hours from the receipt of request
Non-Urgent Pre-service Review	15 calendar days from the receipt of the request
Urgent Continued Stay / Concurrent Review when request is received more than 24 hours before the end of the previous authorization	24 hours from the receipt of the request
Urgent Continued Stay / Concurrent Review when request is received less than 24 hours before the end of the previous authorization or no previous authorization exists	72 hours from the receipt of the request
Non-urgent Continued Stay / Concurrent Review for ongoing outpatient treatment	15 calendar days from the receipt of the request
Post-Service Review	30 calendar days from the receipt of the request

If more information is needed to make a decision, the Claims Administrator will tell the requesting Provider and send written notice to you or your authorized representative of the specific information needed to finish the review. If the Claims Administrator does not get the specific information needed or if the information is not complete by the timeframe identified in the written notice, a decision will be made based upon the information received.

The Claims Administrator will give notice of its decision as required by Federal law. Notice may be given by one or more of the following methods: verbal, written, and/or electronic.

Important Information

From time to time certain medical management processes (including utilization management, case management, and disease management) may be waived, enhanced, changed or ended. An alternate benefit may be offered if in the Plan's sole discretion, such change furthers the provision of cost effective, value based and/or quality services.

Certain qualifying Providers may be selected to take part in a program or a Provider arrangement that exempts them from certain procedural or medical management processes that would otherwise apply. Your claim may also be exempted from medical review if certain conditions apply.

Just because a process, Provider or Claim is exempted from the standards which otherwise would apply, it does not mean that this will occur in the future, or will do so in the future for any other Provider, claim or Member. The Plan may stop or change any such exemption with or without advance notice.

You may find out whether a Provider is taking part in certain programs or a Provider arrangement by contacting the Member Services number on the back of your Identification Card.

The Claims Administrator also may identify certain Providers to review for potential fraud, waste, abuse or other inappropriate activity if the claims data suggests there may be inappropriate billing practices. If a Provider is selected under this program, then the Claims Administrator may use one or more clinical utilization management

guidelines in the review of claims submitted by this Provider, even if those guidelines are not used for all Providers delivering services to this Plan's Members.

Health Plan Individual Case Management

The Claims Administrator's health plan individual case management programs (Case Management) help coordinate services for Members with health care needs due to serious, complex, and/or chronic health conditions. The Claims Administrator's programs coordinate benefits and educate Members who agree to take part in the Case Management program to help meet their health-related needs.

Case Management programs are confidential and voluntary and are made available at no extra cost to you. These programs are provided by, or on behalf of and at the request of, your health plan case management staff. These Case Management programs are separate from any Covered Services you are receiving.

If you meet program criteria and agree to take part in, the Claims Administrator will help you meet your identified health care needs. This is reached through contact and team work with you and/or your chosen authorized representative, treating Doctor(s), and other Providers.

In addition, the Claims Administrator may assist with coordinating care with existing community-based programs and services to meet your needs. This may include giving you information about external agencies and community-based programs and services.

In certain cases of severe or chronic illness or injury, the Plan may provide benefits for alternate care that is not listed as a Covered Service. The Plan may also extend Covered Services beyond the Benefit Period Maximums of this Plan. The Claims Administrator will make its decision case-by-case, if in the Claims Administrator's discretion the alternate or extended benefit is in the best interest of you and the Plan and You or Your authorized representative agree to the alternate or extended benefit in writing. A decision to provide extended benefits or approve alternate care in one case does not obligate the Plan to provide the same benefits again to you or to any other Member. The Plan reserves the right, at any time, to alter or stop providing extended benefits or approving alternate care. In such case, the Claims Administrator will notify you or your representative in writing.

Acute Care at Home Programs

Anthem has programs available that offer acute care to Members where they live as an alternative to staying in a Facility, when the Member's condition and the Covered Services to be delivered, are appropriate for the home setting. These programs are referred to as Acute Care at Home Programs. These programs provide care for active, short-term treatment of a severe injury or episode of illness, an urgent medical condition, or during recovery from surgery. Acute care services are generally delivered by teams of health care Providers from a range of medical and surgical specialties. The Acute Care at Home Programs are separate from the Home Care Services benefit, are only available in certain Service Areas, and are only provided if the Member's home meets accessibility requirements.

Covered Services provided by Acute Care at Home Programs may include Physician services (either in-person or via telemedicine), diagnostic services, surgery, home care services, home infusion therapy, Prescription Drugs administered by a Provider, therapy services, and follow-up care in the community. Prescription Drugs at a Retail or Mail Order Pharmacy are not included in these Programs. Acute Care at Home Programs may also include services required to set up telemedicine technology for in-home patient monitoring, and may include coverage for meals.

Members who qualify for these programs will be contacted by the Provider, who will discuss how treatment will be structured, and what costs may be required for the services. Benefit limits that might otherwise apply to outpatient or home care services, (e.g., home care visits, physical therapy, etc.), may not apply to these programs.

Your participation in these programs is voluntary. If you choose to participate, your Provider will discuss the length of time that benefits are available under the program (e.g., the Acute Care at Home Benefit Period) when you enroll. The Acute Care at Home Benefit Period typically begins on the date your Acute Care at Home Provider sets up services in your home, and lasts until the date you are discharged from the Program.

Any Covered Services received before or after the Acute Care at Home Benefit Period will be covered according to the other benefits of this Plan.

What's Covered

This section describes the Covered Services available under your Plan. Your Covered Services are subject to all the terms and conditions listed in this Benefit Booklet, including, but not limited to, Benefit Maximums, Deductibles, Copayments, Coinsurance, Exclusions and Medical Necessity requirements. Please read the "Schedule of Benefits" section for details on the amounts you must pay for Covered Services and for details on any Benefit Maximums. Also be sure to read the "How Your Plan Works" section for more information on your Plan's rules. Read the "What's Not Covered" section for important details on Excluded Services.

Your benefits are described below. Benefits are listed alphabetically to make them easy to find. Please note that several sections may apply to your claims. For example, if you have a surgery, benefits for your Hospital stay will be described under "Inpatient Hospital Care" and benefits for your Doctor's services will be described under "Inpatient Professional Service". As a result, you should read all the sections that might apply to your claims.

You should also know that many of the Covered Services can be received in several settings, including a Doctor's office, an Urgent Care Facility, an Outpatient Facility, or an Inpatient Facility. Benefits will often vary depending on where you choose to get Covered Services, and this can result in a change in the amount you will need to pay. Please see the "Schedule of Benefits" section for more details on how benefits vary in each setting.

Allergy Services

Your Plan includes benefits for Medically Necessary allergy testing and treatment, including allergy serum and allergy shots.

Ambulance Services

Medically Necessary ambulance services are a Covered Service when:

- You are transported by a state licensed vehicle that is designed, equipped, and used only to transport the sick and injured and staffed by Emergency Medical Technicians (EMT), paramedics, or other certified medical professionals. This includes ground, water, fixed wing, and rotary wing air transportation.

And one or more of the following criteria are met:

- For ground ambulance, you are taken:
 - From your home, the scene of accident or medical Emergency to a Hospital;
 - Between Hospitals, including when the Claims Administrator requires you to move from an Out-of-Network Hospital to an In-Network Hospital
 - Between a Hospital and other approved Facility.
- For air or water ambulance, you are taken:
 - From the scene of an accident or medical Emergency to a Hospital;
 - Between Hospitals, including when the Claims Administrator requires you to move from an Out-of-Network Hospital to an In-Network Hospital
 - Between a Hospital and an approved Facility.

Ambulance services are subject to Medical Necessity reviews. Emergency ground ambulance services do not require precertification and are allowed regardless of whether the Provider is an In-Network or Out-of-Network Provider.

Non-Emergency ambulance services are subject to Medical Necessity reviews. When using an air ambulance for non-Emergency transportation, the Claims Administrator reserves the right to select the air ambulance Provider. If you do not use the air ambulance Provider selected, no benefits will be available. Please note that an Out-of-Network Provider may bill you for any charges that exceed the Maximum Allowed Amount. Please see the "Schedule of Benefits" for the maximum benefit.

You must be taken to the nearest Facility that can give care for your condition. In certain cases the Claims Administrator may approve benefits for transportation to a Facility that is not the nearest Facility.

Benefits also include Medically Necessary treatment of a sickness or injury by medical professionals from an ambulance service, even if you are not taken to a Facility.

Ambulance services are not covered when another type of transportation can be used without endangering your health. Ambulance services for your convenience or the convenience of your family or Doctor are not a Covered Service.

Other non-covered ambulance services include, but are not limited to, trips to:

- a) A Doctor's office or clinic;
- b) A morgue or funeral home.

Important Notes on Air Ambulance Benefits

Benefits are only available for air ambulance when it is not appropriate to use a ground or water ambulance. For example, if using a ground ambulance would endanger your health and your medical condition requires a more rapid transport to a Facility than the ground ambulance can provide, the Plan will cover the air ambulance. Air ambulance will also be covered if you are in an area that a ground or water ambulance cannot reach.

Air ambulance will not be covered if you are taken to a Hospital that is not an acute care Hospital (such as a Skilled Nursing Facility or a rehabilitation facility), or if you are taken to a Physician's office or your home.

Hospital to Hospital Transport

If you are moving from one Hospital to another, air ambulance will only be covered if using a ground ambulance would endanger your health and if the Hospital that first treats cannot give you the medical services you need. Certain specialized services are not available at all Hospitals. For example, burn care, cardiac care, trauma care, and critical care are only available at certain Hospitals. To be covered, you must be taken to the closest Hospital that can treat you. **Coverage is not available for air ambulance transfers simply because you, your family, or your Provider prefers a specific Hospital or Physician.**

Emergency Care

It includes any further medical or behavioral health exams and treatment required to stabilize the patient.

Medically Necessary services will be covered whether you get care from an In-Network or Out-of-Network Provider. Emergency Care you get from an Out-of-Network Provider will be covered as an In-Network service and will not require Precertification. The Out-of-Network Provider can only charge you any applicable Deductible, Coinsurance, and/or Copayment and cannot bill you for the difference between the Maximum Allowed Amount and their billed charges until your condition is stable as described in the "Consolidated Appropriations Act of 2021 Notice" at the front of this Booklet. Your cost shares will be based on the Maximum Allowed Amount, and will be applied to your In-Network Deductible and In-Network Out-of-Pocket Limit.

The Maximum Allowed Amount for Emergency Care from an Out-of-Network Provider will be determined using the median Plan In-Network contract rate we pay In-Network Providers for the geographic area where the service is provided.

If you are admitted to the Hospital from the Emergency Room, be sure that you or your Doctor calls the Claims Administrator as soon as you are stabilized. The Claims Administrator will review your care to decide if a Hospital stay is needed and how many days you should stay. See "Getting Approval for Benefits" for more details. If you or your Doctor do not call the Claims Administrator, you may have to pay for services that are determined to be not Medically Necessary.

Treatment you get after your condition has stabilized is not Emergency Care. Please refer to the "Consolidated Appropriations Act of 2021 Notice" at the front of this Booklet for more details on how this will impact your benefits.]]

Your Doctor must agree to care by the Hospice and must be consulted in the development of the treatment plan. The Hospice must keep a written care plan on file and give it to the Claims Administrator upon request.

Benefits for services beyond those listed above that are given for disease modification or palliation, such as but not limited to chemotherapy and radiation therapy, are available to a Member in Hospice. These services are covered under other parts of this Plan.

Human Organ and Tissue Transplant (Bone Marrow / Stem Cell) Services

Your Plan includes coverage for Medically Necessary human organ and tissue transplants. Certain transplants (e.g., cornea and kidney) are covered like any other surgery, under the regular inpatient and outpatient benefits described elsewhere in this Benefit Booklet.

This section describes benefits for certain Covered Transplant Procedures that you get during the Transplant Benefit Period. Any Covered Services related to a Covered Transplant Procedure, received before or after the Transplant Benefit Period, are covered under the regular Inpatient and outpatient benefits described elsewhere in this Booklet.

Please call the Transplant Department as soon as you think you may need a transplant to talk about your benefit options. You must do this *before* you have an evaluation and/or work-up for a transplant. To get the most benefits under your Plan, you must get certain human organ and tissue transplant services from an In-Network Transplant Provider that the Claims Administrator has chosen as a Centers of Medical Excellence for Transplant Provider and/or a Provider designated as an In-Network Transplant Provider by the Blue Cross and Blue Shield Association. Even if a Hospital is an In-Network Provider for other services, it may not be an In-Network Transplant Provider for certain transplant services. Please call the Member Services to

find out which Hospitals are In-Network Transplant Providers. (When calling Member Services, ask for the Transplant Case Manager for further details.)

In this section, you will see some key terms which are defined below:

Covered Transplant Procedure

As decided by the Claims Administrator, any Medically Necessary human solid organ, tissue, and stem cell / bone marrow transplants and infusions including necessary acquisition procedures, mobilization, collection and storage. It also, includes Medically Necessary myeloablative or reduced intensity preparative chemotherapy, radiation therapy, or a combination of these therapies.

Centers of Excellence (COE) Transplant Providers

- **Blue Distinction Center (BDC) Facility:** Blue Distinction facilities have met or exceeded national quality standards for transplant care delivery.

Centers of Medical Excellence (CME) Facility: Centers of Medical Excellence facilities have met or exceeded quality standards for transplant care delivery.

In-Network Transplant Provider

A Provider that the Claims Administrator has chosen and designated as a Centers of Medical Excellence for Transplant and/or Blue Distinction Centers + or Blue Distinction Centers for Transplant. The Provider has entered into a Transplant Provider Agreement to give Covered Transplant Procedures to you and take care of certain administrative duties for the transplant network. A Provider may be an In-Network Transplant Provider for:

- Certain Covered Transplant Procedures; or
- All Covered Transplant Procedures.

Out-of-Network Transplant Provider

Any Provider that has **NOT** been chosen as a Center of Medical Excellence for Transplant by the Claims Administrator or has not been selected to take part as an In-Network Transplant Provider by the Blue Cross and Blue Shield Association.

Transplant Benefit Period

At an In-Network Transplant Provider Facility, the Transplant Benefit Period starts one day before a Covered solid organ Transplant Procedure and one day before high dose chemotherapy or preparative regimen for a covered bone marrow/stem cell transplant procedure and lasts for the applicable case rate / global time period. The number of days will vary depending on the type of transplant received and the In-Network Transplant Provider agreement. Call the Case Manager for specific In-Network Transplant Provider details for services received at or coordinated by an In-Network Transplant Provider Facility.

At an Out-of-Network Transplant Provider Facility, the Transplant Benefit Period starts the day of a Covered Transplant Procedure and lasts until the date of discharge.

Prior Approval and Precertification

To maximize your benefits, you should call the Claims Administrator's Transplant Department as soon as you think you may need a transplant to talk about your benefit options. You must do this before you have an evaluation and/or work-up for a transplant. They will help you maximize your benefits by giving you coverage information, including details on what is covered and if any clinical coverage guidelines, medical policies, In-Network Transplant Provider rules, or Exclusions apply. Call the Member Services phone number on the back of your Identification Card and ask for the transplant coordinator. Even if you are given a prior approval for the Covered Transplant Procedure, you or your Provider must call the Transplant Department for Precertification prior to the transplant whether this is performed in an Inpatient or Outpatient setting.

Precertification is required before the Plan will cover benefits for a transplant. Your Doctor must certify, and the Claims Administrator must agree, that the transplant is Medically Necessary. Your Doctor should send a written request for Precertification to the Claims Administrator as soon as possible to start this process. Not getting Precertification will result in a denial of benefits.

Please note that there are cases where your Provider asks for approval for HLA testing, donor searches and/or a collection and storage of stem cells prior to the final decision as to what transplant procedure will be needed. In these cases, the HLA testing and donor search charges are covered as routine diagnostic testing. The collection and storage request will be reviewed for Medical Necessity and may be approved. However, such an approval for HLA testing, donor search and/or collection and storage is NOT an approval for the later transplant. A separate Medical Necessity decision will be needed for the transplant.

Transportation and Lodging

The Plan will cover the cost of reasonable and necessary travel costs when you get prior approval and need to travel more than 75 miles from your permanent home to reach the Facility where the Covered Transplant Procedure will be performed. Assistance with travel costs includes transportation to and from the Facility, and lodging for the patient and one companion. Travel costs for the donor are generally not covered, unless the Claims Administrator makes an exception and approve them in advance of the procedure. If the Member receiving care is a minor, then reasonable and necessary costs for transportation and lodging may be allowed for two companions. You must send itemized receipts for transportation and lodging costs in a form satisfactory to the Claims Administrator when claims are filed. Call the Claims Administrator for complete information.

For lodging and ground transportation benefits, the Plan will cover costs up to the current limits set forth in the Internal Revenue Code.

Non-Covered Services for transportation and lodging include, but are not limited to:

Covered Services will include the obstetrical care given by that Provider through the end of the pregnancy and the immediate post-partum period.

Important Note About Maternity Admissions: Under federal law, the Plan may not limit benefits for any Hospital length of stay for childbirth for the mother or newborn to less than 48 hours after vaginal birth, or less than 96 hours

after a cesarean section (C-section). However, federal law as a rule does not stop the mother's or newborn's attending Provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours, or 96 hours, as applicable. In any case, as provided by federal law, the Plan may not require a Provider to get authorization before prescribing a length of stay which is not more than 48 hours for a vaginal birth or 96 hours after a C-section.

Covered Services are provided to facilitate the diagnosis, consultation and treatment, education, care management and self-management of a patient's physical and/or mental health. In-person contact between a health care Provider and the patient is not required for these services, and the type of setting where these services are provided is not limited.

Please Note: Not all services can be delivered through virtual visits. Certain services require equipment and/or direct physical hands-on care that cannot be provided remotely. Also, please note that not all Providers offer virtual visits.

Prescription Drugs Administered by a Medical Provider

Your Plan covers Prescription Drugs when they are administered to you as part of a doctor's visit, home care visit, or at an outpatient Facility. This includes drugs for infusion therapy, chemotherapy, Specialty Drugs, blood products, and office-based injectables that must be administered by a Provider. This section applies when your Provider orders the drug and administers it to you.

Prescription Drugs you get from a Retail or Mail Order Pharmacy are not covered by this Plan.

Important Details About Prescription Drug Coverage

Your Plan includes certain features to determine when Prescription Drugs should be covered, which are described below. As part of these features, your prescribing Doctor may be asked to give more details before the Claims Administrator can decide if the drug is eligible for coverage. In order to determine if the Prescription Drug is eligible for coverage, we have established criteria.

The criteria, which are called drug edits, may include requirements regarding one or more of the following:

- Quantity, dose, and frequency of administration,
- Specific clinical criteria including, but not limited to, requirements regarding age, test result requirements, and/or presence of a specific condition or disease,
- Specific Provider qualifications including, but not limited to, REMS certification (Risk, Evaluation and Mitigation Strategies),
- Step therapy requiring one drug, drug regimen, or treatment be used prior to use of another drug or drug regimen, or treatment for safety and/or cost-effectiveness when clinically similar results may be anticipated,
- Use of a Prescription Drug List (a formulary developed by us) which is a list of FDA-approved Drugs that have been reviewed and recommended for use based on their quality and cost effectiveness.

Covered Prescription Drugs

To be a Covered Service, Prescription Drugs must be approved by the Food and Drug Administration (FDA) and, under federal law, require a Prescription. Prescription Drugs must be prescribed by a licensed Provider and Controlled Substances must be prescribed by a licensed Provider with an active DEA license.

Compound drugs are a Covered Service when a commercially available dosage form of a Medically Necessary medication is not available, all the ingredients of the compound drug are FDA approved, require a prescription to dispense, and are not essentially the same as an FDA approved product from a drug manufacturer. Non-FDA approved, non-proprietary, multisource ingredients that are vehicles essential for compound administration may be covered.

Precertification

Precertification may be required for certain Prescription Drugs to help make sure proper use and guidelines for Prescription Drug coverage are followed. The Claims Administrator will give the results of its decision to both you and your Provider.

For a list of Prescription Drugs that need precertification, please call the phone number on the back of your Identification Card. The list will be reviewed and updated from time to time. Including a Prescription Drug or related item on the list does not guarantee coverage under your Plan. Your Provider may check with us to verify Prescription Drug coverage, to find out which drugs are covered under this section and if any drug edits apply.

Please refer to the section "Getting Approval for Benefits" for more details.

If precertification is denied you have the right to file a Grievance as outlined in the “Your Right to Appeal” section of this Booklet.

Designated Pharmacy Provider

Anthem in its sole discretion, may establish one or more Designated Pharmacy Provider programs which provide specific pharmacy services (including shipment of Prescription Drugs) to Members. An In-Network Provider is not necessarily a Designated Pharmacy Provider. To be a Designated Pharmacy Provider, the In-Network Provider must have signed a Designated Pharmacy Provider Agreement with the Claims Administrator. You or your Provider can contact Member Services to learn which Pharmacy or Pharmacies are part of a Designated Pharmacy Provider program.

For Prescription Drugs that are shipped to you or your Provider and administered in your Provider’s office, you and your Provider are required to order from a Designated Pharmacy Provider. A Patient Care coordinator will work with you and your Provider to obtain Precertification and to assist shipment to your Provider’s office.

The Claims Administrator may also require you to use a Designated Pharmacy Provider to obtain Prescription Drugs for treatment of certain clinical conditions such as Hemophilia. The Claims Administrator reserves the right to modify the list of Prescription Drugs as well as the setting and/or level of care in which the care is provided to you. The Claims Administrator may, from time to time, change with or without advance notice, the Designated Pharmacy Provider for a Drug, if in the Claims Administrator’s discretion, such change can help provide cost effective, value based and/or quality services.

If you are required to use a Designated Pharmacy Provider and you choose not to obtain your Prescription Drug from a Designated Pharmacy Provider, you will not have coverage for that Prescription Drug.

You can get the list of the Prescription Drugs covered under this section by calling Member Services at the phone number on the back of your Identification Card or check the website at www.anthem.com.

Therapeutic Substitution

Therapeutic substitution is an optional program that tells you and your Doctors about alternatives to certain prescribed Drugs. The Claims Administrator may contact you and your Doctor to make you aware of these choices. Only you and your Doctor can determine if the therapeutic substitute is right for you. For questions or issues about therapeutic drug substitutes, call Member Services at the phone number on the back of your Identification Card.

Claims Payment

This section describes how the Claims Administrator reimburses claims and what information is needed when you submit a claim. When you receive care from an In-Network Provider, you do not need to file a claim because the In-Network Provider will do this for you. If you receive care from an Out-of-Network Provider, you will need to make sure a claim is filed. Many Out-of-Network Hospitals, Doctors and other Providers will still submit your claim for you, although they are not required to do so. If you file the claim, use a claim form as described later in this section.

Maximum Allowed Amount

General

This section describes how the Claims Administrator determines the amount of reimbursement for Covered Services. Reimbursement for services rendered by In-Network and Out-of-network Providers is based on this/your Plan's Maximum Allowed Amount for the Covered Service that you receive. Please see "Inter-Plan Arrangements" later in this section for additional information.

The Maximum Allowed Amount is the maximum amount of reimbursement this Plan will allow for services and supplies:

- That meet the definition of Covered Services, to the extent such services and supplies are covered under your Plan and are not excluded;
- That are Medically Necessary; and
- That are provided in accordance with all applicable preauthorization, utilization management or other requirements set forth in your plan.

You will be required to pay a portion of the Maximum Allowed Amount to the extent you have not met your Deductible or have a Copayment or Coinsurance. Except for Surprise Billing Claims* In addition, when you receive Covered Services from an Out-of-network Provider, you may be responsible for paying any difference between the Maximum Allowed Amount and the Provider's actual charges. This amount can be significant.

**Surprise Billing Claims are described in the "Consolidated Appropriations Act of 2021 Notice" at the front of this Booklet. Please refer to that section for further details.*

When you receive Covered Services from an eligible Provider, the Claims Administrator will, to the extent applicable, apply claim processing rules to the claim submitted for those Covered Services. These rules evaluate the claim information and, among other things, determine the accuracy and appropriateness of the procedure and diagnosis codes included in the claim. Applying these rules may affect the determination of the Maximum Allowed Amount. The application of these rules does not mean that the Covered Services you received were not Medically Necessary. It means the Claims Administrator has determined that the claim was submitted inconsistent with procedure coding rules and/or reimbursement policies. For example, your Provider may have submitted the claim using several procedure codes when there is a single procedure code that includes all of the procedures that were performed. When this occurs, the Maximum Allowed Amount will be based on the single procedure code rather than a separate Maximum Allowed Amount for each billed code.

Likewise, when multiple procedures are performed on the same day by the same Doctor or other healthcare professional, the Maximum Allowed Amounts may be reduced for those secondary and subsequent procedures because reimbursement at 100% of the Maximum Allowed Amount for those procedures would represent duplicative payment for components of the primary procedure that may be considered incidental or inclusive.

Provider Network Status

The Maximum Allowed Amount may vary depending upon whether the Provider is an In-Network or an Out-of-network Provider.

An In-Network Provider is a Provider who is in the managed network for this specific Plan or in a special Center of Excellence/or other closely managed specialty network. For Covered Services performed by an In-Network Provider, the Maximum Allowed Amount for this/your Plan is the rate the Provider has agreed to accept as reimbursement for the Covered Services. Because In-Network Providers have agreed to accept the Maximum Allowed Amount as payment in full for those Covered Services, they should not send you a bill or collect for amounts above the Maximum Allowed Amount. However, you may receive a bill or be asked to pay all or a portion of the Maximum Allowed Amount to the extent you have not met your Deductible or have a Copayment or Coinsurance. Please call Member Services for help in finding an In-Network Provider or visit www.anthem.com.

Providers who have not signed any contract with the Claims Administrator and are not in any of the Claims Administrator's networks are Out-of-network Providers, subject to Blue Cross Blue Shield Association rules governing claims filed by certain ancillary providers.

Except for Surprise Billing Claims, we will calculate the Maximum Allowed Amount for Covered Services you receive from an Out-of-Network Provider using one of the following:

1. An amount based on the Claims Administrator Out-of-network fee schedule/rate, which the Claims Administrator has established in its' discretion, and which the Claims Administrator reserves the right to modify from time to time, after considering one or more of the following: reimbursement amounts accepted by like/similar providers contracted with the Claims Administrator, reimbursement amounts paid by the Centers for Medicare and Medicaid Services for the same services or supplies, and other industry cost, reimbursement and utilization data; or
2. An amount based on reimbursement or cost information from the Centers for Medicare and Medicaid Services ("CMS"). When basing the Maximum Allowed Amount upon the level or method of reimbursement used by CMS, the Claims Administrator will update such information, which is unadjusted for geographic locality, no less than annually; or
3. An amount based on information provided by a third party vendor, which may reflect one or more of the following factors: (1) the complexity or severity of treatment; (2) level of skill and experience required for the treatment; or (3) comparable Providers' fees and costs to deliver care; or
4. An amount negotiated by the Claims Administrator or a third party vendor which has been agreed to by the Provider. This may include rates for services coordinated through case management; or
5. An amount equal to the total charges billed by the Provider, but only if such charges are less than the Maximum Allowed Amount calculated by using one of the methods described above.

Providers who are not contracted for this product, but are contracted for other products with us are also considered Out-of-Network. For this Booklet, the Maximum Allowed Amount for services from these Providers will be one of the five methods shown above unless the contract between us and that Provider specifies a different amount or if your claim involves a Surprise Billing Claim.

For Covered Services rendered outside Anthem's Service Area by Out-of-Network Providers, claims may be priced using the local Blue Cross Blue Shield plan's non-participating provider fee schedule / rate or the pricing arrangements required by applicable state or federal law. In certain situations, the Maximum Allowed Amount for out of area claims may be based on billed charges, the pricing the Claims Administrator would use if the healthcare services had been obtained within the Anthem Service Area, or a special negotiated price.

Unlike In-Network Providers, Out-of-Network Providers may send you a bill and collect for the amount of the Provider's charge that exceeds the Maximum Allowed Amount unless your claim involves a Surprise Billing Claim. You are responsible for paying the difference between the Maximum Allowed Amount and the amount the Provider charges. This amount can be significant. Choosing an In-Network provider will likely result in lower out of pocket costs to you. Please call Member Services for help in finding an In-Network Provider or visit www.Anthem.com.

Member Services is also available to assist you in determining this/your Plan's Maximum Allowed Amount for a particular service from an Out-of-Network Provider. In order to assist you, you will need to obtain from your Provider the specific procedure code(s) and diagnosis code(s) for the services the treating Providers will render. You will

also need to know the Provider's charges to calculate your out of pocket responsibility. Although Member Services can assist you with this pre-service information, the final Maximum Allowed Amount for your claim will be based on the actual claim submitted by the Provider.

For Prescription Drugs, the Maximum Allowed Amount is the amount determined by the Claims Administrator using Prescription Drug cost information provided by the Pharmacy Benefits Manager.

Member Cost Share

For certain Covered Services, you may be required to pay a part of the Maximum Allowed Amount as your cost share amount (for example, Deductible, Copayment, and/or Coinsurance).

Your cost share amount and Out-of-Pocket Limits may vary depending on whether you received services from an In-Network or Out-of-network Provider. Specifically, you may be required to pay higher cost sharing amounts or may have limits on your benefits when using Out-of-Network or Non-Preferred Providers. Please see the "Schedule of Benefits" section in this Benefit Booklet for your cost share responsibilities and limitations or call Member Services to learn how this Plan's benefits or cost share amounts may vary by the type of Provider you use.

The Plan will not provide any reimbursement for non-covered services. You may be responsible for the total amount billed by your Provider for non-covered services, regardless of whether such services are performed by an In-Network or Out-of-Network Provider. Non-covered services include services specifically excluded from coverage by the terms of your Plan and services received after benefits have been exhausted. Benefits may be exhausted by exceeding, for example, your Lifetime Maximum, benefit caps or day/visit limits.

Authorized Services

In some circumstances, such as where there is no In-Network Provider available for the Covered Service, the Plan may authorize the In-Network cost share amounts (Deductible, Copayment, and/or Coinsurance) to apply to a claim for a Covered Service you receive from an Out-of-Network Provider. In such circumstance, you must contact the Claims Administrator in advance of obtaining the Covered Service. The Plan also may authorize the In-Network cost share amounts to apply to a claim for Covered Services if you receive Emergency services from an Out-of-Network Provider and are not able to contact the Claims Administrator until after the Covered Service is rendered. If the Plan authorizes an In-Network cost share amount to apply to a Covered Service received from an, Out-of-Network Provider, you also may still be liable for the difference between the Maximum Allowed Amount and the Out-of-Network Provider's charge unless your claim involves a Surprise Billing Claim. Please contact Member Services for Authorized Services information or to request authorization.

Federal/State Taxes/Surcharges/Fees

Federal or state laws or regulations may require a surcharge, tax or other fee. If applicable, we will include any such surcharge, tax or other fee as part of the claim charge passed on to you.

Claims Review

The Claims Administrator has processes to review claims before and after payment to detect fraud, waste, abuse and other inappropriate activity. Members seeking services from Out-of-Network Providers could be balanced billed by the Out-of-Network Provider for those services that are determined to be not payable as a result of these review processes. A claim may also be determined to be not payable due to a Provider's failure to submit medical records with the claims that are under review in these processes.

Notice of Claim & Proof of Loss

After you get Covered Services, we must receive written notice of your claim in order for benefits to be paid.

- In-Network Providers will submit claims for you. They are responsible for ensuring that claims have the information needed to determine benefits. If the claim does not include enough information, the Claims

Administrator will ask them for more details, and they will be required to supply those details within certain timeframes.

- Out-of-Network claims can be submitted by the Provider if the Provider is willing to file on your behalf. However, if the Provider is not submitting on your behalf, you will be required to submit the claim. Claim forms are usually available from the Provider. If they do not have a claims form, you can send a written request to the Claims Administrator, or contact Member Services and ask for a claims form to be sent to you. If you do not receive the claims form, you can still submit written notice of the claim without the claim form. The same information that would be given on the claim form must be included in the written notice of claim, including:
 - Name of patient.
 - Patient's relationship with the Subscriber.
 - Identification number.
 - Date, type, and place of service.
 - Your signature and the Provider's signature.

Out-of-Network claims must be submitted within 90 days. In certain cases, state or federal law may allow additional time to file a claim, if you could not reasonably file within the 90-day period. The claim must have the information we need to determine benefits. If the claim does not include enough information, the Claims Administrator will ask you for more details and inform you of the time by which we need to receive that information. Once the required information has been received, the Claims Administrator will process the claim according to the terms of your Plan.

Claim Forms

Claim forms will usually be available from most Providers. If forms are not available, contact your local Human Resources Department or Member Services and ask for a claim form to be sent to you. If you do not receive the claim form, written notice of services rendered may be submitted without the claim form. The same information that would be given on the claim form must be included in the written notice of claim. This includes:

- Name of patient.
- Patient's relationship with the Subscriber.
- Identification number.
- Date, type, and place of service.
- Your signature and the Provider's signature.

Member's Cooperation

You will be expected to complete and submit to the Plan all such authorizations, consents, releases, assignments and other documents that may be needed in order to obtain or assure reimbursement under Medicare, Workers' Compensation or any other governmental program. If you fail to cooperate, you will be responsible for any charge for services.

Payment of Benefits

The Claims Administrator may make benefit payments directly to In-Network Providers for Covered Services. If you use an Out-of-Network Provider, however, the Claims Administrator may make benefit payments to you or the Out-of-Network Provider, at the Claims Administrator's discretion. A Member may assign benefits to a provider who is not an In-Network provider but it is not required.

If a Member does not assign benefits to an Out-of-Network Provider, benefit payments may be sent to the Member.

Payments may also be made to, and notice regarding the receipt and/or adjudication of claims sent to, an Alternate Recipient (any child of a Subscriber who is recognized, under a Qualified Medical Child Support Order (QMSCO), as having a right to enrollment under the Plan), or that person's custodial parent or designated representative. Any benefit payments made will discharge the Plan's obligation to pay for Covered Services. You cannot assign your

right to benefits to anyone, except as required by a Qualified Medical Child Support Order as defined by ERISA or any applicable state law.

Once a Provider performs a Covered Service, the Claims Administrator will not honor a request to withhold payment of the claims submitted.

Inter-Plan Arrangements

Out-of-Area Services

Overview

Anthem has a variety of relationships with other Blue Cross and/or Blue Shield Licensees. Generally, these relationships are called “Inter-Plan Arrangements.” These Inter-Plan Arrangements work based on rules and procedures issued by the Blue Cross Blue Shield Association (“Association”). Whenever you access healthcare services outside the geographic area the Claims Administrator serves (the “Anthem Service Area”), the claim for those services may be processed through one of these Inter-Plan Arrangements. The Inter-Plan Arrangements are described below.

When you receive care outside of the Anthem Service Area, you will receive it from one of two kinds of Providers. Most Providers (“participating providers”) contract with the local Blue Cross and/or Blue Shield Plan in that geographic area (“Host Blue”). Some Providers (“nonparticipating providers”) don’t contract with the Host Blue. Explained below is how both kinds of Providers are paid.

Inter-Plan Arrangements Eligibility – Claim Types

Most claim types are eligible to be processed through Inter-Plan Arrangements, as described above. Examples of claims that are not included are Prescription Drugs that you obtain from a Pharmacy and most dental or vision benefits.

A. BlueCard® Program

Under the BlueCard® Program, when you receive Covered Services within the geographic area served by a Host Blue, the Claims Administrator will still fulfill our contractual obligations. But, the Host Blue is responsible for: (a) contracting with its Providers; and (b) handling its interactions with those Providers.

When you receive Covered Services outside the Anthem Service Area and the claim is processed through the BlueCard Program, the amount you pay is calculated based on the lower of:

- The billed charges for Covered Services; or
- The negotiated price that the Host Blue makes available to the Claims Administrator.

Often, this “negotiated price” will be a simple discount that reflects an actual price that the Host Blue pays to the Provider. Sometimes, it is an estimated price that takes into account special arrangements with that Provider. Sometimes, such an arrangement may be an average price, based on a discount that results in expected average savings for services provided by similar types of Providers. Estimated and average pricing arrangements may also involve types of settlements, incentive payments and/or other credits or charges.

Estimated pricing and average pricing also take into account adjustments to correct for over- or underestimation of past pricing of claims, as noted above. However, such adjustments will not affect the price the Plan used for your claim because they will not be applied after a claim has already been paid.

B. Special Cases: Value-Based Programs

BlueCard® Program

If you receive Covered Services under a Value-Based Program inside a Host Blue’s Service Area, you will not be responsible for paying any of the Provider Incentives, risk-sharing, and/or Care Coordinator Fees that are a part of

such an arrangement, except when a Host Blue passes these fees to Anthem through average pricing or fee schedule adjustments. Additional information is available upon request.

C. Inter-Plan Programs: Federal/State Taxes/Surcharges/Fees

Federal or state laws or regulations may require a surcharge, tax or other fee. If applicable, the Plan will include any such surcharge, tax or other fee as part of the claim charge passed on to you.

D. Nonparticipating Providers Outside Our Service Area

1. Allowed Amounts and Member Liability Calculation

When Covered Services are provided outside of Anthem Service Area by non-participating providers, the Plan may determine benefits and make payment based on pricing from either the Host Blue or the pricing arrangements required by applicable state or federal law. In these situations, the amount you pay for such services as Deductible, Copayment or Coinsurance will be based on that allowed amount. Also, you may be responsible for the difference between the amount that the non-participating provider bills and the payment the Plan will make for the Covered Services as set forth in this paragraph. Federal or state law, as applicable, will govern payments for out-of-network Emergency services.

2. Exceptions

In certain situations, the Plan may use other pricing methods, such as billed charges or the pricing we would use if the healthcare services had been obtained within the Anthem Service Area, or a special negotiated price to determine the amount the Plan will pay for services provided by nonparticipating providers. In these situations, you may be liable for the difference between the amount that the nonparticipating provider bills and the payment the Plan makes for the Covered Services as set forth in this paragraph.

E. Blue Cross Blue Shield Global Core® Program

If you plan to travel outside the United States, call Member Services to find out your Blue Cross Blue Shield Global Core benefits. Benefits for services received outside of the United States may be different from services received in the United States.

When you are traveling abroad and need medical care, you can call the Blue Cross Blue Shield Global Core Service Center any time. They are available 24 hours a day, seven days a week. The toll free number is 800-810-2583. Or you can call them collect at 804-673-1177.

Keep in mind, if you need Emergency medical care, go to the nearest hospital. There is no need to call before you receive care.

Please refer to the "Getting Approval for Benefits" section in this Booklet for further information.

How Claims are Paid with Blue Cross Blue Shield Global Core

In most cases, when you arrange inpatient hospital care with Blue Cross Blue Shield Global Core, claims will be filed for you. The only amounts that you may need to pay up front are any Copayment, Coinsurance or Deductible amounts that may apply.

You will typically need to pay for the following services up front:

- Doctors services;
- Inpatient hospital care not arranged through Blue Cross Blue Shield Global Core; and
- Outpatient services.

You will need to file a claim form for any payments made up front.

When you need Blue Cross Blue Shield Global Core claim forms you can get international claims forms in the following ways:

- Call the Blue Cross Blue Shield Global CoreService Center at the numbers above; or
- Online at www.bcbsglobalcore.com.

You will find the address for mailing the claim on the form.

Assignment

You authorize the Claims Administrator, on behalf of the Employer, to make payments directly to Providers for Covered Services. The Claims Administrator also reserves the right to make payments directly to you. Payments may also be made to, and notice regarding the receipt and/or adjudication of claims, an alternate recipient, or that person's custodial parent or designated representative. Any payments made by the Claims Administrator will discharge the Employer's obligation to pay for Covered Services. You cannot assign your right to receive payment to anyone else, except as required by a "Qualified Medical Child Support Order" as defined by ERISA or any applicable Federal law.

Coordination of Benefits When Members Are Insured Under More Than One Plan

If you, your spouse, or your Dependents have duplicate coverage under another program, any other group medical or dental expense coverage, or any local, state or governmental program (except school accident insurance coverage and Medicaid), then benefits payable under This Plan will be coordinated with the benefits payable under the other program. This Plan's liability in coordinating will not be more than 100% of the Allowable Expense or the contracted amount.

Allowable Expense means any necessary, reasonable and customary expense at least a portion of which is covered under at least one of the programs covering the person for whom the claim is made. The claim determination period is the Benefit Period.

Please note that several terms specific to this section are listed below. Some of these terms have different meanings in other parts of the Benefit Booklet, e.g., Plan. For this provision only, your plan is referred to as "This Plan" and any other insurance plan as "Plan". In the rest of the Benefit Booklet, Plan has the meaning listed in the "Definitions" section.

Claim Determination Period means a Benefit Period Year. However, it does not include any part of a year during which you have no coverage under This Plan or any part of a year before the date this COB provision or a similar provision takes effect.

Plan means any of the following that provides benefits or services for, or because of, medical or dental care or treatment:

- Group insurance or group-type coverage, whether insured or uninsured, that includes continuous twenty-four (24) hour coverage. This includes prepayment, group practice, or individual practice coverage. It also includes coverage other than school accident-type coverage.
- Coverage under a governmental Plan or coverage that is required or provided by law. This does not include a state Plan under Medicaid (Title XIX, Grants to States for Medical Assistance Programs, of the United States Social Security Act as amended from time to time). It also does not include any Plan whose benefits, by law, are excess to those of any private insurance program or other non-governmental program.
- "No-fault" and group or group-type "fault" automobile insurance policies or contracts.

Each contract or other arrangement for coverage under 1 or 2 above is a separate Plan. If an arrangement has two parts and these rules apply only to one of the two, each of the parts is a separate Plan.

Primary Plan/Secondary Plan means the "Order of Benefit Determination Rules" section states whether This Plan is a Primary Plan or Secondary Plan in relationship to another Plan covering you. When This Plan is a Secondary Plan, its benefits are determined after those of the other Plan and may be reduced because of the other Plan's benefits.

When This Plan is a Primary Plan, its benefits are determined before those of the other Plan and without considering the other Plan's benefits.

When there are more than two Plans covering you, This Plan may be a Primary Plan in relationship to one or more other Plans and may be a Secondary Plan in relationship to a different Plan or Plans.

This Plan means the part of this Plan that provides benefits for health care expenses.

Order of Benefit Determination Rules

When you have duplicate coverage, claims will be paid as follows:

- Pediatric Dental Coordination of Benefits (COB)
These pediatric dental COB provisions are applicable to only the pediatric dental benefits found in the part titled What's Covered in the section Dental Services. If pediatric dental Essential Health Benefits are

included as part of the medical plan, the medical plan will be primary coverage and any standalone dental plan will be secondary. If the member has two medical plans, each offering pediatric dental Essential Health Benefit coverage for spouse and family, the Order of Benefits Determinations rules below apply.

- Automobile Insurance

Medical benefits available through automobile insurance coverage will be determined before this Plan.

- Non-Dependent/Dependent

The benefits of the program which covers the person as an Employee (other than as a Dependent) are determined before those of the program which covers the person as a Dependent.

- Dependent Child/Parents Not Separated or Divorced

Except as stated below, when this program and another program cover the same child as a Dependent of different persons, called "parents":

- The benefits of the program of the parent whose birthday falls earlier in a year are determined before those of the program of the parent whose birthday falls later in that year.
- If both parents have the same birthday, the benefits of the program which covered the parent longer are determined before those of the program which covered the other parent for a shorter period of time.

However, if the other program does not have the rule described above, but instead has a rule based on the gender of the parent, and if, as a result, the programs do not agree on the order of benefits, the rule in the other program will determine the order of benefits.

- Dependent Child/Parents Separated or Divorced

If two or more programs cover a person as a Dependent child of divorced or separated parents, benefits for the child are determined in this order:

- first, the program of the parent with custody of the child;
- then, the program of the spouse of the parent with custody of the child; and
- finally, the program of the parent not having custody of the child.

However, if the specific terms of a court decree state that one of the parents is responsible for the child's health care expenses, and the company obligated to pay or provide the benefits of the program of that parent has actual knowledge of those terms, the benefits of that program are determined first. This paragraph does not apply with respect to any claim determination period or program year during which any benefits are actually paid or provided before the company has that actual knowledge.

- Joint Custody

If the specific terms of a court decree state that the parents shall have joint custody, without stating that one of the parents is responsible for the health care expenses of the child, the programs covering the child shall follow the order of benefit determination rules outlined above for "Dependent Child/Parents not Separated or Divorced."

- Active/Inactive Employee

The benefits of a program that covers a person as an Employee who is neither laid off nor retired (or as that Employee's Dependent) are determined before those of a program that covers that person as a laid-off or retired Employee (or as that Employee's Dependent). If the other program does not have this rule, and if, as a result, the programs do not agree on the order of benefits, this rule is ignored.

- Longer/Shorter Length of Coverage

If none of the above rules determine the order of benefits, the benefits of the program which covered an Employee or Member longer are determined before those of the program that covered that person for the shorter time.

Effect on the Benefits of This Plan

This section applies when, in accordance with the Order of Benefit Determination Rules, this program is a secondary program to one or more other programs. In that event the benefits of this program may be reduced under this section. Such other program or programs are referred to as "the other programs" below.

Reduction in this program's benefits

The benefits of this program will be reduced when the sum of:

- the benefits that would be payable for the Allowable Expenses under this program in the absence of this provision; and

- the benefits that would be payable for the Allowable Expenses under the other programs, in the absence of provisions with a purpose like that of this provision, whether or not claim is made, exceed those Allowable Expenses in a claim determination period. In that case, the benefits of this program will be reduced so that they and the benefits payable under the other programs do not total more than those Allowable Expenses.

When the benefits of this program are reduced as described above, each benefit is reduced in proportion. It is then charged against any applicable benefit limit of this program.

Right to Receive and Release Needed Information

Certain facts are needed to apply these rules. The Claims Administrator has the right to decide which facts it needs. The Claims Administrator may get needed facts from or give them to any other organization or person as necessary to coordinate benefits. The Claims Administrator need not tell, or get the consent of, any person to do this. Each person claiming benefits under This Plan must provide any facts needed to pay the claim.

Facility of Payment

A payment made under another program may include an amount which should have been paid under This Plan. If it does, the Claims Administrator may pay that amount to the organization which made that payment. That amount will then be treated as though it were a benefit paid under this program. This Plan will not have to pay that amount again.

Right of Reimbursement

If the amount of the payment made by This Plan is more than it should have paid under this provision, the Claims Administrator may recover the excess from one or more of:

- the persons it has paid or for whom it has paid,
- insurance companies, or
- other organizations.

Subrogation and Reimbursement

These provisions apply when the Plan pays benefits as a result of injuries or illnesses you sustained and you have a right to a Recovery or have received a Recovery from any source.

Recovery

A "Recovery" includes, but is not limited to, monies received from any person or party, any person's or party's liability insurance, uninsured/underinsured motorist proceeds, worker's compensation insurance or fund, "no-fault" insurance and/or automobile medical payments coverage, whether by lawsuit, settlement or otherwise. Regardless of how you or your representative or any agreements characterize the money you receive as a Recovery, it shall be subject to these provisions.

Subrogation

The Plan has the right to recover payments it makes on your behalf from any party responsible for compensating you for your illnesses or injuries. The following apply:

- The Plan has first priority from any Recovery for the full amount of benefits it has paid regardless of whether you are fully compensated, and regardless of whether the payments you receive make you whole for your losses, illnesses and/or injuries.
- You and your legal representative must do whatever is necessary to enable the Plan to exercise the Plan's rights and do nothing to prejudice those rights.
- In the event that you or your legal representative fail to do whatever is necessary to enable the Plan to exercise its subrogation rights, the Plan shall be entitled to deduct the amount the Plan paid from any future benefits under the Plan.
- The Plan has the right to take whatever legal action it sees fit against any person, party or entity to recover the benefits paid under the Plan.
- To the extent that the total assets from which a Recovery is available are insufficient to satisfy in full the Plan's subrogation claim and any claim held by you, the Plan's subrogation claim shall be first satisfied before any part of a Recovery is applied to your claim, your attorney fees, other expenses or costs.
- The Plan is not responsible for any attorney fees, attorney liens, other expenses or costs you incur without the Plan's prior written consent. The "common fund" doctrine does not apply to any funds recovered by any attorney you hire regardless of whether funds recovered are used to repay benefits paid by the Plan.

Reimbursement

If you obtain a Recovery and the Plan has not been repaid for the benefits the Plan paid on your behalf, the Plan shall have a right to be repaid from the Recovery in the amount of the benefits paid on your behalf and the following provisions will apply:

- You must reimburse the Plan from any Recovery to the extent of benefits the Plan paid on your behalf regardless of whether the payments you receive make you whole for your losses, illnesses and/or injuries.
- Notwithstanding any allocation or designation of your Recovery (e.g., pain and suffering) made in a settlement agreement or court order, the Plan shall have a right of full recovery, in first priority, against any Recovery. Further, the Plan's rights will not be reduced due to your negligence.
- You and your legal representative must hold in trust for the Plan the proceeds of the gross Recovery (*i.e.*, the total amount of your Recovery before attorney fees, other expenses or costs) to be paid to the Plan immediately upon your receipt of the Recovery. You must reimburse the Plan, in first priority and without any set-off or reduction for attorney fees, other expenses or costs. The "common fund" doctrine does not apply to any funds recovered by any attorney you hire regardless of whether funds recovered are used to repay benefits paid by the Plan.
- If You fail to repay the Plan, the Plan shall be entitled to deduct any of the unsatisfied portion of the amount of benefits the Plan has paid or the amount of your Recovery whichever is less, from any future benefit under the Plan if:
 1. the amount the Plan paid on your behalf is not repaid or otherwise recovered by the Plan; or
 2. you fail to cooperate.
- In the event that you fail to disclose the amount of your settlement to the Plan, the Plan shall be entitled to deduct the amount of the Plan's lien from any future benefit under the Plan.
- The Plan shall also be entitled to recover any of the unsatisfied portions of the amount the Plan has paid or the amount of your Recovery, whichever is less, directly from the Providers to whom the Plan has made payments on your behalf. In such a circumstance, it may then be your obligation to pay the Provider the full billed amount, and the Plan will not have any obligation to pay the Provider or reimburse you.

- The Plan is entitled to reimbursement from any Recovery, in first priority, even if the Recovery does not fully satisfy the judgment, settlement or underlying claim for damages or fully compensate you or make you whole.

Your Duties

- You must notify the Plan promptly of how, when and where an accident or incident resulting in personal Injury or illness to you occurred and all information regarding the parties involved.
- You must cooperate with the Plan in the investigation, settlement and protection of the Plan's rights. In the event that you or your legal representative fail to do whatever is necessary to enable the Plan to exercise its subrogation or reimbursement rights, the Plan shall be entitled to deduct the amount the Plan paid from any future benefits under the Plan.
- You must not do anything to prejudice the Plan's rights.
- You must send the Plan copies of all police reports, notices or other papers received in connection with the accident or incident resulting in personal Injury or illness to you.
- You must promptly notify the Plan if you retain an attorney or if a lawsuit is filed on your behalf.

The Plan Sponsor has sole discretion to interpret the terms of the Subrogation and Reimbursement provision of this Plan in its entirety and reserves the right to make changes as it deems necessary.

If the covered person is a minor, any amount recovered by the minor, the minor's trustee, guardian, parent, or other representative, shall be subject to this provision. Likewise, if the covered person's relatives, heirs, and/or assignees make any Recovery because of injuries sustained by the covered person, that Recovery shall be subject to this provision.

The Plan shall be secondary in coverage to any medical payments provision, no-fault automobile insurance policy or personal Injury protection policy regardless of any election made by you to the contrary. The Plan shall also be secondary to any excess insurance policy, including, but not limited to, school and/or athletic policies.

The Plan is entitled to recover its attorney's fees and costs incurred in enforcing this provision.

Your Right To Appeal

The Plan wants your experience to be as positive as possible. There may be times, however, when you have a complaint, problem, or question about your Plan or a service you have received. In those cases, please contact Member Services by calling the number on the back of your Identification Card. The Claims Administrator will try to resolve your complaint informally by talking to your Provider or reviewing your claim. If you are not satisfied with the resolution of your complaint, you have the right to file an appeal, which is defined as follows:

For purposes of these Appeal provisions, “claim for benefits” means a request for benefits under the plan. The term includes both pre-service and post-service claims.

- A pre-service claim is a claim for benefits under the plan for which you have not received the benefit or for which you may need to obtain approval in advance.
- A post-service claim is any other claim for benefits under the plan for which you have received the service.

If your claim is denied or if your coverage is rescinded:

- You will be provided with a written notice of the denial or rescission; and
- You are entitled to a full and fair review of the denial or rescission.

The procedure the Claims Administrator will follow will satisfy the requirements for a full and fair review under applicable federal regulations.

Notice of Adverse Benefit Determination

If your claim is denied, the Claims Administrator’s notice of the adverse benefit determination (denial) will include:

- information sufficient to identify the claim involved;
- the specific reason(s) for the denial;
- a reference to the specific plan provision(s) on which the Claims Administrator’s determination is based;
- a description of any additional material or information needed to perfect your claim;
- an explanation of why the additional material or information is needed;
- a description of the plan’s review procedures and the time limits that apply to them, including a statement of your right to bring a civil action under ERISA if you appeal and the claim denial is upheld;
- information about any internal rule, guideline, protocol, or other similar criterion relied upon in making the claim determination and about your right to request a copy of it free of charge, along with a discussion of the claims denial decision; and
- information about the scientific or clinical judgment for any determination based on medical necessity or experimental treatment, or about your right to request this explanation free of charge, along with a discussion of the claims denial decision.
- the availability of, and contact information for, any applicable office of health insurance consumer assistance or ombudsman who may assist you

For claims involving urgent/concurrent care:

- the Claims Administrator’s notice will also include a description of the applicable urgent/concurrent review process; and
- the Claims Administrator may notify you or your authorized representative within 72 hours orally and then furnish a written notification.

Appeals (Grievances)

You have the right to appeal an adverse benefit determination (claim denial or rescission of coverage). You or your authorized representative must file your appeal within 180 calendar days after you are notified of the denial or rescission. You will have the opportunity to submit written comments, documents, records, and other information supporting your claim. The Claims Administrator’s review of your claim will take into account all information you submit, regardless of whether it was submitted or considered in the initial benefit determination.

- The Claims Administrator shall offer a single mandatory level of appeal and an additional voluntary second level of appeal which may be a panel review, independent review, or other process consistent with the entity

reviewing the appeal. The time frame allowed for the Claims Administrator to complete its review is dependent upon the type of review involved (e.g., pre-service, concurrent, post-service, urgent, etc.).

For pre-service claims involving urgent/concurrent care, you may obtain an expedited appeal. You or your authorized representative may request it orally or in writing. All necessary information, including the Claims Administrator's decision, can be sent between the Claims Administrator and you by telephone, facsimile or other similar method. To file an appeal for a claim involving urgent/concurrent care, you or your authorized representative must contact the Claims Administrator at the number shown on your identification card and provide at least the following information:

- the identity of the claimant;
- the date(s) of the medical service;
- the specific medical condition or symptom;
- the provider's name;
- the service or supply for which approval of benefits was sought; and
- any reasons why the appeal should be processed on a more expedited basis.

All other requests for Appeals (Grievances) should be submitted in writing by the *Member* or the *Member's authorized representative*, except where the acceptance of oral *Appeals (Grievances)* is otherwise required by the nature of the *appeal* (e.g., urgent care). You or your authorized representative must submit a request for review to:

Anthem, ATTN: Appeals, P.O. Box 54159, Los Angeles, CA 90054

You must include your Member Identification Number when submitting an appeal.

Upon request, the Claims Administrator will provide, without charge, reasonable access to, and copies of, all documents, records, and other information relevant to your claim. "Relevant" means that the document, record, or other information:

- was relied on in making the benefit determination; or
- was submitted, considered, or produced in the course of making the benefit determination; or
- demonstrates compliance with processes and safeguards to ensure that claim determinations are made in accordance with the terms of the plan, applied consistently for similarly-situated claimants; or
- is a statement of the plan's policy or guidance about the treatment or benefit relative to your diagnosis.

The Claims Administrator will also provide you, free of charge, with any new or additional evidence considered, relied upon, or generated in connection with your claim. In addition, before you receive an adverse benefit determination on review based on a new or additional rationale, the Claims Administrator will provide you, free of charge, with the rationale.

For Out of State Appeals (Grievances) You have to file Provider Appeals with the Host Plan. This means Providers must file Appeals with the same plan to which the claim was filed.

How Your Appeal will be Decided

When the Claims Administrator considers your appeal, the Claims Administrator will not rely upon the initial benefit determination or, for voluntary second-level Appeals, to the earlier appeal determination. The review will be conducted by an appropriate reviewer who did not make the initial determination and who does not work for the person who made the initial determination. A voluntary second-level review will be conducted by an appropriate reviewer who did not make the initial determination or the first-level appeal determination and who does not work for the person who made the initial determination or first-level appeal determination.

If the denial was based in whole or in part on a medical judgment, including whether the treatment is experimental, investigational, or not medically necessary, the reviewer will consult with a health care professional who has the appropriate training and experience in the medical field involved in making the judgment. This health care professional will not be one who was consulted in making an earlier determination or who works for one who was consulted in making an earlier determination.

Notification of the Outcome of the Appeal

If you appeal a claim involving urgent/concurrent care, the Claims Administrator will notify you of the outcome of the appeal as soon as possible, but not later than 72 hours after receipt of your request for appeal.

If you appeal any other pre-service claim, the Claims Administrator will notify you of the outcome of the appeal within 30 days after receipt of your request for appeal.

If you appeal a post-service claim, the Claims Administrator will notify you of the outcome of the appeal within 60 days after receipt of your request for appeal.

Appeal Denial

If your appeal is denied, that denial will be considered an adverse benefit determination. The notification from the Claims Administrator will include all of the information set forth in the above section entitled "Notice of Adverse Benefit Determination."

If, after the Plan's denial, the Claims Administrator considers, relies on or generates any new or additional evidence in connection with your claim, the Claims Administrator will provide you with that new or additional evidence, free of charge. The Claims Administrator will not base its appeal decision on a new or additional rationale without first providing you (free of charge) with, and a reasonable opportunity to respond to, any such new or additional rationale. If the Claims Administrator fails to follow the Appeal procedures outlined under this section the Appeals process may be deemed exhausted. However, the Appeals process will not be deemed exhausted due to minor violations that do not cause, and are not likely to cause, prejudice or harm so long as the error was for good cause or due to matters beyond the Claims Administrator's control.

Voluntary Second Level Appeals (Grievances)

If you are dissatisfied with the Plan's mandatory first level appeal decision, a voluntary second level appeal may be available. If you would like to initiate a second level appeal, please write to the address listed above. Voluntary Appeals (Grievances) must be submitted within 60 calendar days of the denial of the first level appeal. You are not required to complete a voluntary second level appeal prior to submitting a request for an independent External Review.

External Review

If the outcome of the mandatory first level appeal is adverse to you and it was based on medical judgment, you may be eligible for an independent External Review pursuant to federal law.

You must submit your request for External Review to the Claims Administrator within four (4) months of the notice of your final internal adverse determination.

A request for an External Review must be in writing unless the Claims Administrator determines that it is not reasonable to require a written statement. You do not have to re-send the information that you submitted for internal appeal. However, you are encouraged to submit any additional information that you think is important for review.

For pre-service claims involving urgent/concurrent care, you may proceed with an Expedited External Review without filing an internal appeal or while simultaneously pursuing an expedited appeal through the Claims Administrator's internal appeal process. You or your authorized representative may request it orally or in writing. All necessary information, including the Claims Administrator's decision, can be sent between the Claims Administrator and you by telephone, facsimile or other similar method. To proceed with an Expedited External Review, you or your authorized representative must contact the Claims Administrator at the number shown on your identification card and provide at least the following information:

- the identity of the claimant;
- the date(s) of the medical service;
- the specific medical condition or symptom;
- the provider's name;
- the service or supply for which approval of benefits was sought; and
- any reasons why the appeal should be processed on a more expedited basis.

All other requests for External Review should be submitted in writing unless the Claims Administrator determines that it is not reasonable to require a written statement. Such requests should be submitted by you or your authorized representative to:

Anthem, ATTN: Appeals, P.O. Box 105568, Atlanta, Georgia 30348

Anthem, ATTN: Appeals, P.O. Box 54159, Los Angeles, CA 90054

You must include your Member Identification Number when submitting an appeal.

This is not an additional step that you must take in order to fulfill your appeal procedure obligations described above. Your decision to seek External Review will not affect your rights to any other benefits under this health care plan. There is no charge for you to initiate an independent External Review. The External Review decision is final and binding on all parties except for any relief available through applicable state laws or ERISA.

Requirement to file an Appeal before filing a lawsuit

No lawsuit or legal action of any kind related to a benefit decision may be filed by you in a court of law or in any other forum, unless it is commenced within three years of the Plan's final decision on the claim or other request for benefits. If the Plan decides an appeal is untimely, the Plan's latest decision on the merits of the underlying claim or benefit request is the final decision date. You must exhaust the Plan's internal Appeals Procedure but not including any voluntary level of appeal, before filing a lawsuit or taking other legal action of any kind against the Plan. If your health benefit plan is sponsored by your Employer and subject to the Employee Retirement Income Security Act of 1974 (ERISA) and your appeal as described above results in an adverse benefit determination, you have a right to bring a civil action under Section 502(a) of ERISA.

The Claims Administrator reserves the right to modify the policies, procedures and timeframes in this section upon further clarification from Department of Health and Human Services and Department of Labor.

Eligibility and Enrollment – Adding Members

In this section you will find information on who is eligible for coverage under this Plan and when Members can be added to your coverage. Eligibility requirements are described in general terms below. For more specific information, please see your Human Resources or Benefits Department.

Who is Eligible for Coverage

The Subscriber

To be eligible to enroll as a Subscriber, the individual must be an Employee entitled to participate in the benefit Plan.

Dependents

To be eligible to enroll as a Dependent, you must be listed on the enrollment form completed by the Subscriber, meet all Dependent eligibility criteria established by the Plan, and be one of the following:

- The Subscriber's spouse. For information on spousal eligibility please contact your Employer. If spouses are not eligible under this Plan, any references to spouses in the "Eligibility and Enrollment – Adding Members" and "Termination and Continuation of Coverage" sections of this Booklet do not apply.
- **Domestic partner coverage option:** The Subscriber's Domestic Partner, if Domestic Partner coverage is allowed under the Group's Plan. Please contact the Group to determine if Domestic Partners are eligible under this Plan. Domestic Partner, or Domestic Partnership means a person of the same or opposite sex who has signed the Domestic Partner Affidavit certifying that he or she is the Subscriber's sole Domestic Partner and has been for 12 months or more; he or she is mentally competent; he or she is not related to the Subscriber by blood closer than permitted by state law for marriage; he or she is not married to anyone else; and he or she is financially interdependent with the Subscriber.

For purposes of this Plan, a Domestic Partner shall be treated the same as a spouse, and a Domestic Partner's child, adopted child, or child for whom a Domestic Partner has legal guardianship shall be treated the same as any other child.

Any federal or state law that applies to a Member who is a spouse or child under this Plan shall also apply to a Domestic Partner or a Domestic Partner's child who is a Member under this Plan. This includes but is not limited to, COBRA, FMLA, and COB. A Domestic Partner's or a Domestic Partner's child's coverage ends on the date of dissolution of the Domestic Partnership.

To apply for coverage as Domestic Partners, both the Subscriber and the Domestic Partner must complete and sign the Affidavit of Domestic Partnership in addition to the Enrollment Application, and must meet all criteria stated in the Affidavit. Signatures must be witnessed and notarized by a notary public. The Plan reserves the right to make the ultimate decision in determining eligibility of the Domestic Partner.

- The Subscriber's or the Subscriber's spouse's children, including natural children, stepchildren, newborn and legally adopted children and children who the Plan has determined are covered under a Qualified Medical Child Support Order as defined by ERISA or any applicable state law.
- Children for whom the Subscriber or the Subscriber's spouse is a legal guardian or as otherwise required by law.

All enrolled eligible children will continue to be covered until the age limit listed in the Schedule of Benefits. Coverage may be continued past the age limit in the following circumstances:

- Your Dependent children through the end of the month in which they attain age 26, legally adopted children from the date you assume legal responsibility, children for whom you assume legal guardianship and stepchildren. Also included are your children (or children of your spouse or Domestic Partner) for whom you

have legal responsibility resulting from a valid court decree.

- Children who are mentally or physically impaired and totally dependent on you for support, regardless of age, with the exception of incapacitated children age 26 or older. To be eligible for coverage as an incapacitated Dependent, the Dependent must have been covered under this Plan or prior creditable coverage prior to reaching age 26. Certification of the impairment is required within 31 days of attainment of age 26. A certification form is available from your Employer or from the Claims Administrator and may be required periodically but not more frequently than annually after the two year period following the child's attainment of the limiting age.

The Plan may require you to give proof of continued eligibility for any enrolled child. Your failure to give this information could result in termination of a child's coverage.

To obtain coverage for children, the Plan may require you to give the Claims Administrator a copy of any legal documents awarding guardianship of such child(ren) to you.

Types of Coverage

The types of coverage available to the Employee are indicated at the time of enrollment through the Employer.

When You Can Enroll

Initial Enrollment

As an Active Employee, Your Employer will offer an initial enrollment period to new Subscribers and their Dependents when the Subscriber is first eligible for coverage. Coverage will be effective based on any applicable waiting period and will not exceed 90 days.

If you did not enroll yourself and/or your Dependents during the initial enrollment period you will only be able to enroll during an Open Enrollment period or during a Special Enrollment period, as described in this section.

All City of Marietta employees who are eligible for health insurance coverage at the time of retirement may maintain that coverage subject to certain provisions. Employees who did not retire directly from active service are never eligible for health insurance coverage. Retirees who waive health insurance coverage at any time may not add coverage at a later date. Decisions to waive health insurance coverage as a retiree are irrevocable. Retirees who elect "employee only" or single health insurance coverage at the time of retirement may not add dependent health insurance coverage at a later date. Retirees who maintain dependent health insurance coverage and enroll in "employee only" or single health insurance coverage may not add dependent health insurance coverage at a later date. Retirees must maintain health insurance coverage on themselves in order to maintain any dependent health insurance coverage.

Eligible dependents include the individuals listed below, and they can only be added to health insurance coverage if the retiree has maintained dependent health insurance coverage.

- 1) the Retiree's legal spouse
- 2) the Retiree's dependent children who continue to meet the definition of a dependent child as defined by the City of Marietta for active employee coverage (i.e., the child meets the IRS support test as a dependent of the retiree, or the child meets City of Marietta's requirements for disabled dependent child eligibility).

Open Enrollment

Open Enrollment refers to a period of time, usually 60 days, during which eligible Subscribers and Dependents can apply for or change coverage. Open Enrollment occurs only once per year. Your Employer will notify you when Open Enrollment is available.

Special Enrollment Periods

If a Subscriber or Dependent does not apply for coverage when they were first eligible, they may be able to join the Plan prior to Open Enrollment if they qualify for Special Enrollment. Except as noted otherwise below, the Subscriber or Dependent must request Special Enrollment within 60 days of a qualifying event.

Special Enrollment is available for eligible individuals who:

- Lost eligibility under a prior health plan for reasons other than non-payment of premium or due to fraud or intentional misrepresentation of a material fact.
- Exhausted COBRA benefits or Employer contributions toward coverage were terminated.
- Lost employer contributions towards the cost of the other coverage.
- Are now eligible for coverage due to marriage, birth, adoption, or placement for adoption.

Important Notes about Special Enrollment:

- Members who enroll during Special Enrollment are **not** considered Late Enrollees.
- Individuals must request coverage within 60 days of a qualifying event (i.e., marriage, exhaustion of COBRA, etc.).

Medicaid and Children's Health Insurance Program Special Enrollment

Eligible Subscribers and Dependents may also enroll under two additional circumstances:

- The Subscriber's or Dependent's Medicaid or Children's Health Insurance Program (CHIP) coverage is terminated as a result of loss of eligibility; or
- The Subscriber or Dependent becomes eligible for a subsidy (state premium assistance program)

The Subscriber or Dependent must request Special Enrollment within 60 days of the above events.

Late Enrollees

If the Subscriber does not enroll themselves and/or their Dependents when first eligible or during a Special Enrollment period, they will not be eligible to enroll until the next Open Enrollment Period.

Members Covered Under the Employer's Prior Plan

Members who were previously enrolled under another plan offered by the Employer that is being replaced by this Plan are eligible for coverage on the Effective Date of this coverage.

Enrolling Dependent Children

Newborn Children

Newborn children are covered automatically for 31 days from the moment of birth. You must notify us of the birth within 60 days or the newborn's coverage will terminate. If you have Family Coverage, no additional premium is required.

You should submit an application / change form to the Group to add the newborn to your Plan to make sure we have accurate records and are able to cover your claims.

Newborn children are covered automatically for 31 days from the moment of birth. If additional premium is required for the newborn Dependent, you must notify the Plan of the birth and pay the required premium within 60 days or the newborn's coverage will terminate. If you have Family Coverage, no additional premium is required and coverage automatically continues.

Even if no additional premium is required, you should still submit an application / change form to the Plan Administrator to add the newborn to your Plan, to make sure records are accurate and the Plan is able to cover your claims.

Adopted Children

A child will be considered adopted from the earlier of: (1) the moment of placement in your home; or (2) the date of an entry of an order granting custody of the child to you. The child will continue to be considered adopted unless the child is removed from your home prior to issuance of a legal decree of adoption.

Your Dependent's Effective Date will be the date of the adoption or placement for adoption if you send the Plan the completed application / change form within 60 days of the event. If, however, additional premium is required for the adopted Dependent, your Dependent's Effective Date will be the date of the adoption or placement for adoption, only if you notify the Plan of the adoption and pay any required additional premium within 60 days of the adoption.

Adding a Child due to Award of Legal Custody or Guardianship

If you or your spouse is awarded legal custody or guardianship for a child, an application must be submitted within 31 days of the date legal custody or guardianship is awarded by the court. Coverage will be effective on the date the court granted legal custody or guardianship.

Qualified Medical Child Support Order

If you are required by a qualified medical child support order or court order, as defined by ERISA and/or applicable state or federal law, to enroll your child in this Plan, the Claims Administrator will permit the child to enroll at any time without regard to any Open Enrollment limits and will provide the benefits of this Plan in accordance to the applicable requirements of such order. However, a child's coverage will not extend beyond any Dependent Age Limit listed in the "Schedule of Benefits".

Updating Coverage and/or Removing Dependents

You are required to notify the Plan Administrator of any changes that affect your eligibility or the eligibility of your Dependents for this Plan. When any of the following occurs, contact the Plan Administrator and complete the appropriate forms:

- Changes in address;
- Marriage or divorce;
- Death of an enrolled family member (a different type of coverage may be necessary);
- Enrollment in another health plan or in Medicare;
- Eligibility for Medicare;
- Dependent child reaching the Dependent Age Limit (see "Termination and Continuation of Coverage");
- Enrolled Dependent child either becomes totally or permanently disabled, or is no longer disabled.

Failure to notify the Plan Administrator of individuals no longer eligible for services will not obligate the Plan to cover such services, even if premium is received for those individuals. All notifications must be in writing and on approved forms.

Nondiscrimination

No person who is eligible to enroll will be refused enrollment based on health status, health care needs, genetic information, previous medical information, disability, sexual orientation or identity, gender, or age.

Statements and Forms

All Members must complete and submit applications or other forms or statements that the Plan may reasonably request.

Any rights to benefits under this Plan are subject to the condition that all such information is true, correct, and complete. Any material misrepresentation by you may result in termination of coverage as provided in the "Termination and Continuation of Coverage" section. The Plan will not use a statement made by you to void your

coverage after that coverage has been in effect for two years. This does not apply, however, to fraudulent misstatements.

Termination and Continuation of Coverage

Termination of Coverage (Individual)

Membership for you and your enrolled family members may be continued as long as you are employed by the Employer and meet eligibility requirements. It ceases if your employment ends, if you no longer meet eligibility requirements, if the Plan ceases, or if you fail to make any required contribution toward the cost of your coverage. In any case, your coverage would end at the expiration of the period covered by your last contribution.

Coverage of an enrolled child ceases automatically at the end of the month when the child attains the age limit shown in the Eligibility section. Coverage of a disabled child over age 26 ceases if the child is found to be no longer totally or permanently disabled.

Should you or any family Members be receiving covered care in the Hospital at the time your membership terminates for reasons other than your Employer's cancellation of this Plan, or failure to pay the required premiums, benefits for Hospital Inpatient care will be provided until the date you are discharged from the Hospital.

Continuation of Coverage Under Federal Law (COBRA)

If your coverage ends under the Plan, you may be entitled to elect continuation coverage in accordance with federal law. If your Employer normally employs 20 or more people, and your employment is terminated for any reason other than gross misconduct you may elect from 18-36 months of continuation benefits. you should contact your Employer if you have any questions about your COBRA rights.

Qualifying events for Continuation Coverage under Federal Law (COBRA)

COBRA continuation coverage is available when your group coverage would otherwise end because of certain "qualifying events". After a qualifying event, COBRA continuation coverage must be offered to each person who is a "qualified beneficiary". You, your Spouse and your Dependent children could become qualified beneficiaries if covered on the day before the qualifying event and group coverage would be lost because of the qualifying event. Qualified beneficiaries who elect COBRA must pay for this COBRA continuation coverage.

This benefit entitles each member of your family who is enrolled in the company's Employee welfare benefit plan to elect continuation independently. Each qualified beneficiary has the right to make independent benefit elections at the time of annual enrollment. Covered Subscribers may elect COBRA continuation coverage on behalf of their Spouses, and parents or legal guardians may elect COBRA continuation coverage on behalf of their children. A child born to, or placed for adoption with, a covered Subscriber during the period of continuation coverage is also eligible for election of continuation coverage.

Qualifying Event	Length of Availability of Coverage
<u>For Employees:</u> Voluntary or Involuntary Termination (other than gross misconduct) or Loss of Coverage Under an Employer's Health Plan Due to Reduction In Hours Worked	18 months
<u>For Spouses/ Dependents:</u> A Covered Employee's Voluntary or Involuntary Termination (other than gross misconduct) or Loss of Coverage Under an Employer's Health Plan Due to Reduction In Hours Worked	18 months
Covered Employee's Entitlement to Medicare	36 months
Divorce or Legal Separation	36 months
	36 months

Qualifying Event	Length of Availability of Coverage
Death of a Covered Employee	
<u>For Dependents:</u> Loss of Dependent Child Status	36 months

Continuation coverage stops before the end of the maximum continuation period if the Member becomes entitled to Medicare benefits. If a continuing beneficiary becomes entitled to Medicare benefits, then a qualified beneficiary – other than the Medicare beneficiary – is entitled to continuation coverage for no more than a total of 36 months. (For example, if you become entitled to Medicare prior to termination of employment or reduction in hours, COBRA continuation coverage for your Spouse and children can last up to 36 months after the date of Medicare entitlement.)

Second qualifying event

If your family has another qualifying event (such as a legal separation, divorce, etc.) during the initial 18 months of COBRA continuation coverage, your Dependents can receive up to 18 additional months of COBRA continuation coverage, for a maximum of 36 months from the original qualifying event. Such additional coverage is only available if the second qualifying event would have caused your Dependents to lose coverage under the Plan had the first qualifying event not occurred. A qualified beneficiary must give timely notice to the Plan Administrator in such a situation.

Notification Requirements

In the event of your termination, lay-off, reduction in work hours or Medicare entitlement, your Employer must notify the company's benefit Plan Administrator within 30 days. You must notify the company's benefit Plan Administrator within 60 days of your divorce, legal separation or the failure of your enrolled Dependents to meet the program's definition of Dependent. This notice must be provided in writing to the Plan Administrator. Thereafter, the Plan Administrator will notify qualified beneficiaries of their rights within 14 days.

Electing COBRA Continuation Coverage

To continue enrollment, you or an eligible family member must make an election within 60 days of the date your coverage would otherwise end, or the date the company's benefit Plan Administrator notifies you or your family member of this right, whichever is later. You must pay the total premium appropriate for the type of benefit coverage you choose to continue. If the premium rate changes for active associates, your monthly premium will also change. The premium you must pay cannot be more than 102% of the premium charged for Employees with similar coverage, and it must be paid to the company's benefit Plan Administrator within 30 days of the date due, except that the initial premium payment must be made before 45 days after the initial election for continuation coverage, or your continuation rights will be forfeited.

Disability extension of 18-month period of continuation coverage

For Employees who are determined, at the time of the qualifying event, to be disabled under Title II (OASDI) or Title XVI (SSI) of the Social Security Act, and Employees who become disabled during the first 60 days of COBRA continuation coverage, coverage may continue from 18 to 29 months. These Employees' Dependents are also eligible for the 18 to 29-month disability extension. (This provision also applies if any covered family member is found to be disabled.) This provision would only apply if the qualified beneficiary provides notice of disability status within 60 days of the disabling determination. In these cases, the Employer can charge 150% of premium for months 19 through 29. This would allow health coverage to be provided in the period between the end of 18 months and the time that Medicare begins coverage for the disabled at 29 months. (If a qualified beneficiary is determined by the Social Security Administration to no longer be disabled, such qualified beneficiary must notify the Plan Administrator of that fact in writing within 30 days after the Social Security Administration's determination.)

Trade Adjustment Act Eligible Individual

If you don't initially elect COBRA coverage and later become eligible for trade adjustment assistance under the U.S. Trade Act of 1974 due to the same event which caused you to be eligible initially for COBRA coverage under this Plan, you will be entitled to another 60-day period in which to elect COBRA coverage. This second 60-day period

will commence on the first day of the month on which you become eligible for trade adjustment assistance. COBRA coverage elected during this second election period will be effective on the first day of the election period.

When COBRA Coverage Ends

COBRA benefits are available without proof of insurability and coverage will end on the earliest of the following:

- A covered individual reaches the end of the maximum coverage period;
- A covered individual fails to pay a required premium on time;
- A covered individual becomes covered under any other group health plan after electing COBRA;
- A covered individual becomes entitled to Medicare after electing COBRA; or
- The Group terminates all of its group welfare benefit plans.

Other Coverage Options Besides COBRA Continuation Coverage

Instead of enrolling in COBRA continuation coverage, there may be other coverage options for you and your family through the Health Insurance Marketplace, Medicaid, or other group health plan coverage options (such as a spouse's plan) through what is called a "special enrollment period. Some of these options may cost less than COBRA continuation coverage. You can learn more about many of these options at www.healthcare.gov.

Continuation of Coverage Due To Military Service

Under the Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA), the Member may have a right to continuation of benefits subject to the conditions described below.

Under USERRA, if the Employee (or his or her Dependents) is covered under this Plan, and if the Employee becomes absent from employment by reason of military leave, the Employee (or his or her Dependents) may have the right to elect to continue health coverage under the plan. In order to be eligible for coverage during the period that the Employee is gone on military leave, the Employee must give reasonable notice to the Employer of his or her military leave and the Employee will be entitled to COBRA-like rights with respect to his or her medical benefits in that the Employee and his or her Dependents can elect to continue coverage under the plan for a period of 24 months from the date the military leave commences or, if sooner, the period ending on the day after the deadline for the Employee to apply for or return to work with the Employer. During military leave the Employee is required to pay the Employer for the entire cost of such coverage, including any elected Dependents' coverage. However, if the Employee's absence is less than 31 days, the Employer must continue to pay its portion of the premiums and the Employee is only required to pay his or her share of the premiums without the COBRA-type 2% administrative surcharge.

Also, when the Employee returns to work, if the Employee meets the requirements specified below, USERRA states that the Employer must waive any exclusions and waiting periods, even if the Employee did not elect COBRA continuation. These requirements are (i) the Employee gave reasonable notice to his or her Employer of military leave, (ii) the military leave cannot exceed a prescribed period (which is generally five (5) years, except in unusual or extraordinary circumstances) and the Employee must have received no less than an honorable discharge (or, in the case of an officer, not been sentenced to a correctional institution), and (iii) the Employee must apply for reemployment or return to work in a timely manner upon expiration of the military leave (ranging from a single day up to 90 days, depending upon the period that he or she was gone). The Employee may also have to provide documentation to the Employer upon reemployment that would confirm eligibility. This protection applies to the Employee upon reemployment, as well as to any Dependent who has become covered under the Plan by reason of the Employee's reinstatement of coverage.

Family and Medical Leave Act of 1993

An Employee may continue membership in the Plan as provided by the Family and Medical Leave Act. An Employee who has been employed at least one year, within the previous 12 months is eligible to choose to continue coverage for up to 12 weeks of unpaid leave for the following reasons:

- The birth of the Employee's child.
- The placement of a child with the Employee for the purpose of adoption or foster care.

- To care for a seriously ill Spouse, child or parent.
- A serious health condition rendering the Employee unable to perform his or her job.

If the Employee chooses to continue coverage during the leave, the Employee will be given the same health care benefits that would have been provided if the Employee were working, with the same premium contribution ratio. If the Employee's premium for continued membership in the Plan is more than 30 days late, the *Employer* will send written notice to the Employee. It will tell the Employee that his or her membership will be terminated and what the date of the termination will be if payment is not received by that date. This notice will be mailed at least 15 days before the termination date.

If membership in the Plan is discontinued for non-payment of premium, the Employee's coverage will be restored to the same level of benefits as those the Employee would have had if the leave had not been taken and the premium payment(s) had not been missed. This includes coverage for eligible dependents. The Employee will not be required to meet any qualification requirements imposed by the Plan when he or she returns to work. This includes: new or additional waiting periods; waiting for an open enrollment period; or passing a medical exam to reinstate coverage.

Please contact your Human Resources Department for state specific Family and Medical Leave Act information.

General Provisions

Verification of Benefits

Verification of Benefits is available for Members or authorized healthcare Providers on behalf of Members. You may call Member Services with a benefits inquiry or Verification of Benefits during normal business hours (7:00 a.m. to 9:00 p.m. eastern time). Please remember that a benefits inquiry or Verification of Benefits is NOT a Verification of Coverage of a specific medical procedure.

- Verification of Benefits is NOT a guarantee of payment.
- If the verified service requires Precertification, please call the Member Services number listed on your Identification Card.

Care Coordination

The Plan will pay In-Network Providers in various ways to provide Covered Services to you. For example, sometimes the Plan may pay In-Network Providers a separate amount for each Covered Service they provide. The Plan may also pay them one amount for all Covered Services related to treatment of a medical condition. Other times, the Plan may pay a periodic, fixed pre-determined amount to cover the costs of Covered Services. In addition, the Plan may pay In-Network Providers financial incentives or other amounts to help improve quality of care and/or promote the delivery of health care services in a cost-efficient manner, or compensate In-Network Providers for coordination of Member care. In some instances, In-Network Providers may be required to make payment to the Plan because they did not meet certain standards. You do not share in any payments made by In-Network Providers to the Plan under these programs.

Clerical Error

A clerical error will never disturb or affect your coverage, as long as your coverage is valid under the rules of the Plan. This rule applies to any clerical error, regardless of whether it was the fault of the Plan or the Claims Administrator.

Confidentiality and Release of Information

Applicable state and federal law requires us to undertake efforts to safeguard your medical information.

For informational purposes only, please be advised that a statement describing the Claims Administrator's policies and procedures regarding the protection, use and disclosure of your medical information is available on the Anthem website and can be furnished to you upon request by contacting the Member Services department.

Obligations that arise under state and federal law and policies and procedures relating to privacy that are referenced but not included in this Medical Benefit Booklet are not part of the contract between the parties and do not give rise to contractual obligations.

Conformity with Law

Any term of the Plan which is in conflict with federal laws, will hereby be automatically amended to conform with the minimum requirements of such laws.

Continuity of Care

If an In-Network Provider who has provided Covered Services to you terminates his or her agreement with the Claims Administrator, please call the Member Services number listed on your Identification Card. The Claims Administrator has procedures in place that will allow you to continue to see that Provider for a limited time. The Claims Administrator can also assist you in selecting another In-Network Provider to provide your care.

If your In-Network Provider leaves the Claims Administrator's network because the Claims Administrator has terminated their contract without cause, and you are in active treatment, you may be able to continue seeing that Provider for a limited period of time and still get In-Network benefits. "Active treatment" includes:

- 1) An ongoing course of treatment for a life-threatening condition;
- 2) An ongoing course of treatment for a serious acute condition (e.g., chemotherapy, radiation therapy and post-operative visits);
- 3) The second or third trimester of pregnancy and through the postpartum period; or
- 4) An ongoing course of treatment for a health condition for which the Physician or health care Provider attests that discontinuing care by the current Physician or Provider would worsen your condition or interfere with anticipated outcomes.

An "ongoing course of treatment" includes treatments for mental health and substance use disorders.

In these cases, you may be able to continue seeing that Provider until treatment is complete, or for 90 days, whichever is shorter. If you wish to continue seeing the same Provider, you or your Doctor should contact Member Services for details. Any decision by the Claims Administrator regarding a request for Continuity of Care is subject to the appeals process.

Entire Agreement

This Benefit Booklet, the Administrative Services Agreement, the Employer's application, any Riders, Endorsements or attachments, and the individual applications of the Subscribers and Members, if any, constitute the entire agreement between the Claims Administrator and the Employer and as of the Effective Date, supersede all other agreements between the parties. Any and all statements made to the Claims Administrator by the Employer, and any and all statements made to the Employer by the Claims Administrator, are representations and not warranties, and no such statement unless it is contained in a written application for coverage under the Plan, shall be used in defense to a claim under the Plan.

Form or Content of Benefit Booklet

No agent or employee of the Claims Administrator is authorized to change the form or content of this Benefit Booklet. Such changes can be made only through an endorsement authorized and signed by an officer of the Employer.

Circumstances Beyond the Control of the Plan

The Claims Administrator shall make a good-faith effort to arrange for an alternative method of administering benefits. In the event of circumstances not within the control of the Claims Administrator or Employer, including but not limited to: a major disaster, epidemic, the complete or partial destruction of facilities, riot, civil insurrection, labor disputes not within the control of the Claims Administrator, disability of a significant part of a Network Provider's personnel or similar causes, or the rendering of health care services provided by the Plan is delayed or rendered impractical the Claims Administrator shall make a good-faith effort to arrange for an alternative method of administering benefits. In such event, the Claims Administrator and Network Providers shall administer and render services under the Plan insofar as practical, and according to their best judgment; but the Claims Administrator and Network Providers shall incur no liability or obligation for delay, or failure to administer or arrange for services if such failure or delay is caused by such an event.

Government Programs

The benefits under this Plan shall not duplicate any benefits that you are entitled to, or eligible for, under any other governmental program. This does not apply if any particular laws require the Plan to be the primary payer. If duplication of such benefits occurs, all money paid by such programs to you for services you have or are receiving, shall be returned by or on your behalf to the Plan.

Medical Policy and Technology Assessment

The Claims Administrator reviews and evaluates new technology according to its technology evaluation criteria developed by its medical directors. Technology assessment criteria are used to determine the Experimental / Investigational status or Medical Necessity of new technology. Guidance and external validation of the Claims Administrator's medical policy is provided by the Medical Policy and Technology Assessment Committee (MPTAC) which consists of approximately 20 Doctors from various medical specialties including the Claims Administrator's medical directors, Doctors in academic medicine and Doctors in private practice.

Conclusions made are incorporated into medical policy used to establish decision protocols for particular diseases or treatments and applied to Medical Necessity criteria used to determine whether a procedure, service, supply or equipment is covered.

Medicare

Any benefits covered under both this Plan and Medicare will be covered according to Medicare Secondary Payer legislation, regulations, and Centers for Medicare & Medicaid Services guidelines, subject to federal court decisions. Federal law controls whenever there is a conflict among state law, Benefit Booklet terms, and federal law.

Except when federal law requires the Plan to be the primary payer, the benefits under this Plan for Members age 65 and older, or Members otherwise eligible for Medicare, do not duplicate any benefit for which Members are entitled under Medicare, including Part B. Where Medicare is the responsible payer, all sums payable by Medicare for services provided to you shall be reimbursed by or on your behalf to the Plan, to the extent that payment was made for such services. If you do not enroll in Medicare Part B when you are eligible, you may have large out-of-pocket costs. Please refer to [Medicare.gov](https://www.medicare.gov) for more details on when you should enroll, and when you are allowed to delay enrollment without penalties.

Governmental Health Care Programs

Under federal law, for groups with 20 or more Employees, all active Employees (regardless of age) can remain on the Group's Health Plan and receive group benefits as primary coverage. Also, spouses (regardless of age) of active Employees can remain on the Group's Health Plan and receive group benefits as primary coverage. Direct any questions about Medicare eligibility and enrollment to your local Social Security Administration office.

Modifications

The Plan Sponsor may change the benefits described in this Benefit Booklet and the Member will be informed of such changes as required by law. This Benefit Booklet shall be subject to amendment, modification, and termination in accordance with any of its provisions by the Employer, or by mutual agreement between the Claims Administrator and the Employer without the consent or concurrence of any Member. By electing medical and Hospital benefits under the Plan or accepting the Plan benefits, all Members legally capable of contracting, and the legal representatives of all Members incapable of contracting, agree to all terms, conditions, and provisions hereof.

Not Liable for Provider Acts or Omissions

The Claims Administrator is not responsible for the actual care you receive from any person. This Benefit Booklet does not give anyone any claim, right, or cause of action against the Claims Administrator based on the actions of a Provider of health care, services, or supplies.

Payment Innovation Programs

The Claims Administrator contracts with In-Network Providers through various types of contractual arrangements. Some of these arrangements – Payment Innovation Programs (Program(s)) – may include financial incentives to help improve quality of care and promote the delivery of health care services in a cost-efficient manner.

These Programs may vary in methodology and subject area of focus and may be modified by the Claims Administrator from time to time, but they will be generally designed to tie a certain portion of an In-Network Provider's total compensation to pre-defined quality, cost, efficiency or service standards or metrics. In some instances, In-Network Providers may be required to make payment to the Claims Administrator under the Program as a consequence of failing to meet these pre-defined standards.

The Programs are not intended to affect your access to health care. The Program payments are not made as payment for specific Covered Services provided to you, but instead, are based on the In-Network Provider's achievement of these pre-defined standards. You are not responsible for any Copayment or Coinsurance amounts related to payments made under the Program(s), and you do not share in any payments made by Network Providers to the Claims Administrator under the Program(s).

Policies, Procedures and Pilot Programs

The Claims Administrator, on behalf of the Employer, may adopt reasonable policies, procedures, rules and interpretations to promote the orderly and efficient administration of the Plan with which a Member shall comply.

Under the terms of the Administrative Service Agreement with your Employer, the Claims Administrator has the authority, in its discretion, to institute from time to time, utilization management, care management, disease management or wellness pilot initiatives in certain designated geographic areas. These pilot initiatives are part of the Claims Administrator's ongoing effort to find innovative ways to make available high quality and more affordable healthcare. A pilot initiative may affect some, but not all Members under the Plan. These programs will not result in the payment of benefits which are not provided in the Employer's Group Health Plan, unless otherwise agreed to by the Employer. The Claim's Administrator reserves the right to discontinue a pilot initiative at any time without advance notice to Employer.

Program Incentives

The Claims Administrator may offer incentives from time to time, at its discretion, in order to introduce you to covered programs and services available under this Plan. The purpose of these incentives include, but is not limited to, making you aware of cost effective benefit options or services, helping you achieve your best health, and encouraging you to update member-related information. These incentives may be offered in various forms such as retailer coupons, gift cards, health related merchandise, and discounts on fees or Member cost shares. Acceptance of these incentives is voluntary as long as Anthem offers the incentives program. The Claims Administrator may discontinue an incentive for a particular covered program or service at any time. If you have any questions about whether receipt of an incentive or retailer coupon results in taxable income to you, we recommend that you consult your tax advisor.

Relationship of Parties (Employer-Member Claims Administrator)

Neither the Employer nor any Member is the agent or representative of the Claims Administrator.

The Employer is fiduciary agent of the Member. The Claims Administrator's notice to the Employer will constitute effective notice to the Member. It is the Employer's duty to notify the Claims Administrator of eligibility data in a timely manner. The Claims Administrator is not responsible for payment of Covered Services of Members if the Employer fails to provide the Claims Administrator with timely notification of Member enrollments or terminations.

Anthem Blue Cross and Blue Shield Note

The Employer, on behalf of itself and its Members, hereby expressly acknowledges its understanding that the Administrative Services Agreement (which includes this Benefit Booklet) constitutes a contract solely between the Employer and Anthem Blue Cross and Blue Shield. (Anthem), and that Anthem is an independent corporation licensed to use the Blue Cross and Blue Shield names and marks in the State of Georgia. The Blue Cross and Blue Shield marks are registered by the Blue Cross and Blue Shield Association, an association of independently licensed Blue Cross and Blue Shield plans, with the U.S. Patent and Trademark Office in Washington, D.C. and in other countries. Further, Anthem is not contracting as the agent of the Blue Cross and Blue Shield Association or any other Blue Cross and/or Blue Shield Plan or licensee. This paragraph shall not create any additional obligations

whatsoever on the part of Anthem other than those obligations created under other provisions of the Administrative Services Agreement or this Benefit Booklet.

Employer's Sole Discretion

The Employer may, in its sole discretion, cover services and supplies not specifically covered by the Plan. This applies if the Employer, with advice from the Claims Administrator, determines such services and supplies are in lieu of more expensive services and supplies which would otherwise be required for the care and treatment of a Member.

Reservation of Discretionary Authority

The Claims Administrator shall have all the powers necessary or appropriate to enable it to carry out its duties in connection with the operation of the Plan and interpretation of the Benefit Booklet. This includes, without limitation, the power to construe the Administrative Services Agreement, to determine all questions arising under the Plan, to resolve Member Appeals and to make, establish and amend the rules, regulations and procedures with regard to the interpretation of the Benefit Booklet of the Plan. A specific limitation or exclusion will override more general benefit language. Anthem has complete discretion to interpret the Benefit Booklet. The Claims Administrator's determination shall be final and conclusive and may include, without limitation, determination of whether the services, treatment, or supplies are Medically Necessary, Experimental/Investigative, whether surgery is cosmetic, and whether charges are consistent with the Plan's Maximum Allowed Amount. A Member may utilize all applicable Appeals procedures.

Right of Recovery and Adjustment

Whenever payment has been made in error, the Plan will have the right to recover such payment from you or, if applicable, the Provider or otherwise make appropriate adjustment to claims. In most instances such recovery or adjustment activity shall be limited to the calendar year in which the error is discovered.

The Claims Administrator has oversight responsibility for compliance with Provider and vendor contracts. The Contract Administrator may enter into a settlement or compromise regarding enforcement of these contracts and may retain any recoveries made from a Provider or vendor resulting from these audits if the return of the overpayment is not feasible. Additionally, the Contract Administrator has established recovery and adjustment policies to determine which recoveries and adjustments are to be pursued, when to incur costs and expenses and settle or compromise recovery or adjustment amounts. The Claims Administrator will not pursue recoveries for overpayments or adjustments for underpayments if the cost of the activity exceeds the overpayment or underpayment amount. The Claims Administrator reserves the right to deduct or offset, including cross plan offsetting on In-Network claims and on Out-Of-Network claims where the Out-Of-Network Provider agrees to cross plan offsetting, any amounts paid in error from any pending or future claim.

Unauthorized Use of Identification Card

If you permit your Identification Card to be used by someone else or if you use the card before coverage is in effect or after coverage has ended, you will be liable for payment of any expenses incurred resulting from the unauthorized use. Fraudulent misuse could also result in termination of the coverage.

Fraud

Fraudulent statements on Plan enrollment forms or on electronic submissions will invalidate any payment or claims for services and be grounds for voiding the Member's coverage.

Value-Added Programs

The Claims Administrator may offer health or fitness related programs to Members, through which you may access discounted rates from certain vendors for products and services available to the general public. Products and services available under this program are not Covered Services under your Plan but are in addition to Plan benefits. As such, program features are not guaranteed under your health Plan Contract and could be discontinued at any

time. The Claims Administrator does not endorse any vendor, product or service associated with this program. Program vendors are solely responsible for the products and services you receive.

Value of Covered Services

For purposes of subrogation, reimbursement of excess benefits, or reimbursement under any Worker's Compensation or Employer Liability Law, the value of Covered Services shall be the amount paid for the Covered Services.

Voluntary Clinical Quality Programs

The Claims Administrator may offer additional opportunities to assist you in obtaining certain covered preventive or other care (e.g., well child check-ups or certain laboratory screening tests) that you have not received in the recommended timeframe. These opportunities are called voluntary clinical quality programs. They are designed to encourage you to get certain care when you need it and are separate from Covered Services under your Plan. These programs are not guaranteed and could be discontinued at any time. The Claims Administrator will give you the choice and if you choose to participate in one of these programs, and obtain the recommended care within the program's timeframe, you may receive incentives such as gift cards or retailer coupons, which the Claims Administrator encourages you to use for health and wellness related activities or items. Under other clinical quality programs, you may receive a home test kit that allows you to collect the specimen for certain covered laboratory tests at home and mail it to the laboratory for processing. You may also be offered a home visit appointment to collect such specimens and complete biometric screenings. You may need to pay any cost shares that normally apply to such covered laboratory tests (e.g., those applicable to the laboratory processing fee) but will not need to pay for the home test kit or the home visit. If you have any questions about whether receipt of a gift card or retailer coupon results in taxable income to you, please consult tax advisor.

Waiver

No agent or other person, except an authorized officer of the Employer, is able to disregard any conditions or restrictions contained in this Booklet, to extend the amount of time for making a payment to the Plan, or to bind the Plan by making any promise or representation or by giving or receiving any information.

Worker's Compensation

The benefits under this Plan are not designed to duplicate benefits that you are eligible for under Worker's Compensation Law. All money paid or owed by Worker's Compensation for services provided to you shall be paid back by, or on your behalf to the Plan if it has made payment for the services received. It is understood that coverage under this Plan does not replace or affect any Worker's Compensation coverage requirements.

Acts Beyond Reasonable Control (Force Majeure)

Should the performance of any act required by this coverage be prevented or delayed by reason of any act of God, strike, lock-out, labor troubles, restrictive government laws or regulations, or any other cause beyond a party's control, the time for the performance of the act will be extended for a period equivalent to the period of delay, and non-performance of the act during the period of delay will be excused. In such an event, however, all parties shall use reasonable efforts to perform their respective obligations.

The Claims Administrator will adhere to the Plan Sponsor's instructions and allow the Plan Sponsor to meet all of the Plan Sponsor's responsibilities under applicable state and federal law. It is the Plan Sponsor's responsibility to adhere to all applicable state and federal laws and the Claims Administrator does not assume any responsibility for compliance.

A charge for a Covered Service will only apply on the date the service, supply, or treatment was given to you.

The date for applying Deductible and other cost shares for an Inpatient stay is the date you enter the Facility except as described in the "Termination and Continuation of Coverage" section.

Covered Services do not include services or supplies not described in the Provider records.
