

# Need virtual care?

Try Rightway.

Your Rightway benefit includes virtual appointments, available to you in the app or by phone at no cost.

That means wherever you are, your Rightway health guide can connect you with a licensed, clinical provider for a virtual appointment.

Once your appointment is over, your health guide can help you with next steps, like scheduling follow-ups.

### Telemedicine with \$0 copays.

Your virtual appointments are completely free. Book appointments as often as you like.

### Easy-to-book appointments.

To book a virtual session with one of our providers, open the Rightway app, click "Chat Now," and request an appointment from your health guide.

You can connect with our providers through video, chat, or via phone call.

## Better virtual care from the palm of your hand.

Connect with your provider via video, phone call, or chat.

Use virtual care for primary + urgent care services.

Meet with an experienced, in-house, clinical team.

Access virtual care at any time, from anywhere.
