

The American Military Retirees Association (AMRA) is pleased to make available the TRICARE Supplement Plan for employees entitled to TRICARE and listed in the Defense Enrollment Eligibility Reporting System (DEERS). The TRICARE Supplement Plan is administered by Association & Society Insurance Corporation (ASI).

This brochure explains the general purpose of the insurance described, but in no way changes or affects the policy. Policies underwritten by Monumental Life Insurance Company and Transamerica Financial Life Insurance Company (NY residents only) detail exclusions, limitations, reduction of benefits and terms under which the policies may be continued in full or discontinued. Complete Details are in the Certificate of Insurance issued to each individual member and the Master Policy issued to the policyholder, American Military Insurance Trust.

Submitting Claims to ASI:

If you have no other insurance, TRICARE will be your primary health benefit option. Your claims must be submitted to TRICARE first. Be sure to inform your medical care providers of your TRICARE coverage by providing them with a copy of your Uniformed Services ID card.

Also be sure to provide your medical care providers with a copy of your supplement plan ID card for secondary claims filing.

After processing your claim, TRICARE will send you and your participating provider a copy of your Explanation of Benefit (EOB) Statement. Either you or your provider may then submit the supplement claim (including the TRICARE EOB) to ASI. If you are submitting a claim, please write your Certificate number (found on your supplement ID card) on your TRICARE EOB.

Fax the TRICARE EOB along with a copy of the provider's bill and completed claim form to ASI at 1-800-310-5514 or mail to the address below.

Pre-existing Conditions

There is no pre-existing condition limitation under this TRICARE Supplement benefit.

What is Covered

To be a covered expense, the expense must be incurred for the sole purpose of treating a covered person's accidental injury or sickness and must be prescribed by an attending physician (except for routine nursing services). The covered expense must meet such additional requirements as prescribed by the insurance policy.

Exclusions and Limitations

The Policy does not cover injury or sickness resulting from war or act of war, whether war is declared or undeclared; intentionally self inflicted injury; suicide or attempted suicide whether sane or insane (in Missouri while sane); routine physical exams, unless required for school enrollment (but not sports physicals) by a Covered Child aged 5 through 11 and immunizations, except that these services are covered when rendered to a Covered Child who is less than 6 years of age; domiciliary or custodial care; eye refractions and routine eye exams except when rendered to a child up to 6 years from the child's birth; eyeglasses and contact lenses; prosthetic devices, except those covered by TRICARE; cosmetic procedures, except those resulting from covered Sickness or Injury; hearing aids; orthopedic footwear; care for the mentally incapacitated or physically handicapped if the care is required because of the mental incapacitation or physical handicap; drugs which do not require a prescription, except insulin; dental care unless such care is covered by TRICARE; and then only to the extent that TRICARE covers such care; any confinement, service, or supply that is not covered under TRICARE; hospital nursery charges for a well newborn, except as specifically provided under TRICARE; any routine newborn care except Well Baby Care, as defined, for a child up to 6 years from his or her birth; TRICARE eligible cost share and deductible amounts in excess of the TRICARE cap; expenses which are paid in full by TRICARE; expenses in excess of the TRICARE Allowed Amount, except as specifically provided; treatment for the prevention or cure of alcoholism or drug addiction except as specifically provided under TRICARE and the Policy; any part of a covered expense which the Covered Person is not legally obligated to pay because of payment by a TRICARE alternative program; any claim under more than one of the TRICARE Supplement Plans or under more than one Inpatient Benefit or more than one Outpatient Benefit of the TRICARE Supplement Plans. If a claim is payable under more than one of the stated Plans or Benefits, payment will only be made under the one that provides the highest coverage.

Nervous, Mental, Emotional Disorder, Alcoholism, and Drug Addiction Limits

The coverage provided under the Inpatient Benefits for nervous, mental and emotional disorders, including alcoholism and drug addiction, is limited to (a) 30 Inpatient treatment days for Covered Person age 19 or older; or (b) 45 Inpatient treatment days for Covered Person under age 19; per fiscal year. This Inpatient limit is based on the number of days TRICARE normally provides each fiscal year for such confinements. In rare instances, TRICARE extends these daily limits. If this occurs, we will limit the number of days that we provide for such Confinement to the lesser of (a) the number of days for such Inpatient treatment during the fiscal year; or (b) 90 Inpatient days per fiscal year. The coverage provided under the Outpatient Benefits for (a) nervous, mental, and emotional disorders; and (b) alcoholism and drug addiction; is limited to \$500 during any TRICARE fiscal year for all such disorders.

Qualifying Mid Year Event

If you have a change in status, such as a marriage or divorce, you gain a dependent, or your dependent reaches the maximum age limit, you must contact your employer or ASI within 31 days of your change in status. If the change in status affects your premium, the new TRICARE Supplement premium will become effective as soon as practicable after reporting your change in status. If applicable, you will be required to complete a new enrollment form if the change in status is to add a spouse or dependent.

Termination

Your coverage is renewable to age 65 as long as premiums, which includes association dues in the sponsoring organization (AMRA) are paid on time, you, your spouse and dependents remain in an eligible status; and the Master Policy and your class of insured persons remain in effect. Termination of your eligibility for SHBP coverage will result in termination of your eligibility for the TRICARE Supplement Plan and the associated AMRA membership. However, this TRICARE Supplement Plan is portable and may be continued through a direct relationship with ASI. Termination for a spouse or dependent child resulting from loss of TRICARE eligibility is effective at midnight the date of that qualifying event.

Non-Duplication of Coverage Under Employer Health Program

If a claim payable under the Policy is also payable under an Employer Health Program with TRICARE as the secondary payor, we will limit our payment to an amount which, when added to the amounts paid by the Employer Health Program and TRICARE, will not exceed 100% of the TRICARE Covered Expenses.

Newborn Children

Newborn children not named on your enrollment form are automatically covered from birth for injury or sickness, including treatment of congenital defects and birth abnormalities for 31 days. You must notify the State Health Benefit Plan (SHBP) within 90 days of birth to continue beyond this 31 day period.

Incapacitated Dependents

Insured children who are incapable of self sustaining employment because of mental retardation or physical handicap and who are unmarried and primarily dependent on the insured member for support and maintenance may continue coverage past policy limits.

COBRA:

COBRA is not applicable to the TRICARE Supplement Plan. However, the Plan may be continued after termination of employment through a direct arrangement with ASI. Coverage also may be continued for survivors after the death of an employee. Coverage for a dependent spouse terminates immediately upon divorce and there are no continuation options. For more information about portability and continuation of coverage, contact us at 1-866-637-9911 or via email at asi.research@asicorporation.com.
